Purpose To design a National Education For All Action Plan for basic education in Lao PDR which covers early childhood care and development ECCD, primary education, lower secondary education, youth and adult literacy and skills development programmes for disadvantaged groups. Findings The National EFA Action Plan is costed and includes a resource implementation assessment within a macroeconomic and annual fiscal framework. It also discusses EFA performance since 1990, EFA development plans and targets up to 2015 and a strategy for EFA plan implementation. Conclusion Close coordination between the Lao Millennium Development Goals MDGs, National Growth and Poverty Eradication Strategy NGPES and the Lao PDR EFA National Plan of Action is essential for this plan to succeed as those areas where EFA problems are most severe are those in which poverty is greatest. The NPA has been developed to meet EFA goals for universal basic and primary education, reach disadvantaged populations in rural and urban areas, promote community participation of basic education and literacy at the grassroots level and improve the relevance and quality of basic education through enhancing the learning opportunities for children, youth and adults.
