**Cómics en pantalla** Caño Díaz, Héctor, 2022 Los cómics

parten de una premisa esquemática para sintetizar la trama usando recursos estilísticos propios. Un hombre apuesto con amplio mentón como Dick Tracy o Flash Gordon se asocia con el héroe desde el primer instante. Un personaje de cómic se caracteriza por su impacto inmediato y como tal puede conducirnos por un relato de aventuras detectivesco, terrorífico del Oeste. Las películas basadas en cómics no se cuentan por docenas ni tampoco por cientos; se cuentan por millares. El Sptimo Arte no puede mirar por encima de hombro al Noveno Arte. Como remedio para el olvido, este estudio recupera un volumen importante de la producción cinematográfica del siglo XX sepultada en los archivos, subestimada o simplemente desconocida. Por el interés que suscitan las superproducciones de hoy basadas en héroes de cómic, conviene revalorizar el cine adaptado enmarcándolo en una dinámica con más de cien años de antigüedad repleta de perlas maravillosas que esperan ser redescubiertas y estimadas en el siglo XXI.

Kid Lit Reviews. *Superheroes and Gods* Don Lo Cicero, 2007-10-29. The work provides a unique study of superheroes and gods in literature, popular culture and ancient myth. The author selects a number of mythological figures, e.g., Babylonians Gilgamesh and Enkidu, ancient gods, e.g., Greece's Eros and Tartarus, and modern superheroes, e.g., the United States' Superman and Captain Marvel, and identifies the often striking similarities between each unique category of characters. The author contends that the vast majority of mythological superheroes follow the same archetypal character patterns regardless of each hero's unique time period or culture. Each of the first nine chapters examines the heroes and gods of a particular region or country, while the final chapter examines modern descendants of the hero prototype like Batman and Spiderman and several infamous anti-heroes, for example, Dracula and The Hulk.
