**Music in Esports** Eulalia Febrer-Coll,2025-07-21 This book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi and transmedia ecosystem that includes the global entertainment industry where music plays an essential role. The music present in and around esports games is an integral part of how they are communicated and mediated and as such holds a central role in binding their narratives cohesively and coherently to appeal to their audiences. Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry. This text uses specific case studies from popular esports to support and illustrate each chapter including League of Legends, Counter Strike and Fortnite. This book will be of great interest to researchers and students in the fields of esports game design and development, musicology and media studies

**Gaming and Extremism** Linda Schlegel, Rachel

Kowert,2024-03-21 Charting the increase in the use of games for the dissemination of extremist propaganda, radicalization, recruitment and mobilization, this book examines the gamification of extremism. Editors Linda Schlegel and Rachel Kowert bring together a range of insights from world leading experts in the field to provide the first comprehensive overview of gaming and extremism. The potential nexus between gaming and extremism has become a key area of concern for researchers, policymakers and practitioners seeking to prevent and counter radicalization, and this book offers insights into key trends and debates, future directions and potential prevention efforts. This includes the exploration of how games and game adjacent spaces such as Discord, Twitch, Steam and DLive are being leveraged by extremists for the purposes of radicalization, recruitment and mobilization. Additionally, the book presents the latest counterterrorism techniques, surveys promising preventing counteracting violent extremism, P-CVE measures currently being utilized in the gaming sphere, and examines the ongoing challenges, controversies and current gaps in knowledge in the field. This text will be of interest to students and scholars of gaming and gaming culture, as well as an essential resource for researchers and practitioners working in prevention and counter extremism, professionals working at gaming related tech companies and policymakers.
