Nice Too Much Action Big Bet:

Winning in Tough Hold 'em Games Nick Grudzien, Geoff Herzog, 2007-04 The recent boom of Texas hold em has forever changed the way the game is played. Many more people know how to play this game well. Even the loose players who come to gamble have become far more aggressive, making them more difficult to play against. So a basic tight and patient strategy will no longer guarantee that you can make a significant amount of money in games at the higher stakes. This is especially true short handed, which have become increasingly popular in the online poker rooms. This text is the first to tackle the complex issues presented when playing short handed and high stakes limit hold em. But even if you happen to only play in softer games, many of the key concepts presented will still help you against the other good players in your game. *Winning in Tough Hold em Games* includes an examination of pre flop play covering issues at a depth of sophistication which have never appeared in print before including discussions of blind stealing, re stealing, isolating a loose player, big blind and small blind defense and blind versus blind play. Also covered are thorough sections on playing heads up post flop and semi bluffing. In addition over 50 hands taken from high stakes online games which were played by Stoxtreader are presented along with appropriate discussion of the strategy involved.

Book jacket **Up The Stakes #2** Owen B. Greenwald, 2015-12-15 Living large after the successful heist, Jason is approached by a mysterious patron with a very risky job for him: rig a basketball game in Las Vegas. The job itself doesn't interest Jason so much as the reason the boss wants Jason for the job: the entire situation looks like a test. Needless to say, Jason plans on passing. *Up the Stakes* is Book 2 from The Big Bet an EPIC Press series. Some titles may contain explicit content and/or language.

Secrets of Short-handed No-Limit Hold'em Danny Ashman, Short handed No Limit Hold em is a dangerous game. There's nowhere to hide: the slightest blip can cost you your entire stack whilst a good play can bust your opponents. The weak players get crushed and the winners clean up. Buy this book and you will become a winner. *Secrets of Short handed No Limit Hold em* features clear and insightful explanations of the thought processes of a successful high stakes player, teaches how to read hands, the key skill for successful short handed play, features many actual hands from real high stakes shorthanded no limit hold em cash games. Many of the ideas articulated and explained in this book have never been seen in print before. This book. In each case there is a very detailed in depth explanation for the thought processes and concepts involved in the hand. Emphasis is placed on the psychology involved which is of key importance for no limit play.

Harrington on Cash Games Dan Harrington, Bill Robertie, 2008 The first years of the poker boom were fueled by the interest in no limit hold em tournaments. Recently however, players have been gravitating to another even more complex form of hold em: no limit cash games. In *Harrington on Cash Games* Volume I, Dan Harrington teaches you the key concepts that drive deep stack cash game play. You'll learn how to tailor your selection of starting hands to your stack size, how to recognize the increasing deception value of supposedly weaker hands as the stack sizes increase, and how to use the concept of pot commitment to your advantage as the size of the pot grows. After laying out

the general concepts behind deep stack cash game play Harrington shows you a complete strategy for post flop play and then teaches you the difference between post flop play against a single opponent and post flop play against multiple opponents If you play no limit hold em cash games you need to read this book Dan Harrington won the gold bracelet and the World Champion title at the 10 000 buy in No Limit Hold em Championship at the 1995 World Series of Poker And he was the only player to make the final table in 2003 field of 839 and 2004 field of 2 576 considered by cognoscenti to be the greatest accomplishment in WSOP history In Harrington on Cash Games Harrington and two time World Backgammon Champion Bill Robertie have written the definitive books on no limit cash games These books will teach you what you need to know to be a winner in the cash game world
