Running: 100 minutes

**Screenplay and Storyline:** See: **Other Filmmakers/Producers/Other Filmmakers**

The Nightmare before Christmas, often referred to as Tim Burton's The Nightmare before Christmas, is a 1993 American stop-motion dark fantasy animated film that tells the story of Jack Skellington, a character from Halloween Town who yearns to "christmasize" Christmas Town and "christmasize" the holiday with more gaudiness and unusual consequences.

The film originated as a possible venture by Tim Burton in 1982 that drew inspiration from television specialise like *Walt Disney's The Most Magnificent Christmas*, *How the Grinch Stole Christmas!*, and the poem "A Visit from St. Nicholas" while he was working as an animator at Walt Disney Pictures Animation. Nightmare Before Christmas is third film in a row to have a Christmas setting. Over the years, Burton's thoughts repeatedly returned to this project, and in 1990, he made a development deal with Disney, which later released the film through its Touchstone Pictures banner because the studio believed the film would be "too dark, and scary" for *Adult*—Burton could not afford to have it released by Buena Vista and he did not want to be associated with "the get-rich-quickly other movies and stop motion." *Conversations* with a company executive convinced Burton to make the film as a musical with lyrics and a composition by frequent collaborator Danny Elfman. Elfman and Burton created a rough storyline and two-thirds of the film's songs while Disney/Miramax and his team of animators began production in July 1991 in San Francisco, California with a crew of over 1000 workers, utilizing 300 model stages. At the peak of production, 300 individual stages were simultaneously being used for filming. In total, there were 1,000,000 frames taken for the movie.

The Nightmare before Christmas was met with both critical and financial success. The film has since been referred to Walt Disney Pictures. The film initially received positive reviews from critics, it has since gone on to receive widespread critical acclaim. On Rotten Tomatoes, the film holds a rating of 80% and the critic's consensus reads, "The Nightmare before Christmas is a stunningly original and weirdly delightful dark and stop motion animation."
