**Better Than Your Best** Dan Lena,Marie Lena,2003 *Equal Is Unfair* Don Watkins,Yaron Brook,2016-03-29 Shows that government intervention in all areas of our lives not income inequality is what s really threatening the American Dream Mallory Factor New York Times bestselling author of Shadowbosses We ve all heard that the American Dream is vanishing and that the cause is rising income inequality The rich are getting richer by rigging the system in their favor leaving the rest of us to struggle just to keep our heads above water To save the American Dream we re told that we need to fight inequality through tax hikes wealth redistribution schemes and a far higher minimum wage But what if that narrative is wrong What if the real threat to the American Dream isn t rising income inequality but an all out war on success In Equal is Unfair a timely and thought provoking work Don Watkins and Yaron Brook reveal that almost everything we ve been taught about inequality is wrong You ll discover why successful CEOs make so much money and deserve to how the minimum wage hurts the very people it claims to help why middle class stagnation is a myth how the little known history of Sweden reveals the dangers of forced equality The critics of inequality are right about one thing the American Dream is under attack But instead of fighting to make America a place where anyone can achieve success they are fighting to tear down those who already have The real key to making America a freer fairer more prosperous nation is to protect and celebrate the pursuit of success not pull down the high fliers in the name of equality *Optimal You* Joe Bailey,2015-12-04 Optimal You is an open ended interactive guide written to help readers cultivate joy mindfulness and purpose in their lives It encourages a life of vitality fulfillment and
