Parenting In Youth Sport From Research To Practice:

Parenting in Youth Sport Nicholas L. Holt, Camilla J. Knight, 2014-03-05 Being the parent of a young athlete is a complex and challenging endeavour. Parents play a pivotal role in the development of young people in reaching their full potential in sport; indeed the psychological and practical support of parents can be as vital to young athletes as the appropriate coaching and facilities. This book brings together current research into the impact of parenting in youth sport and examines the relationships between athletes, coaches, and parents whilst also discussing topics such as parenting styles, behaviour at competition and talent development. This book not only outlines the theories of parenting in youth sport but also utilises research and examples from several countries including the UK, US, Canada, and Australia. It has a research to practice theme and includes numerous suggestions for research projects and getting research published. Parenting in Youth Sport is an essential text for students, lecturers, and practitioners with an interest in youth sport, sport psychology, or sport development.

Foundations of Sport and Exercise Psychology, 7E Weinberg, Robert S., Gould, Daniel, 2019 This text provides a comprehensive view of sport and exercise psychology with the latest research on grit, mindfulness, emotional intelligence, cultural diversity, substance abuse, exercise adherence, ethics, professional issues, and transitions in sport.

Best Practice for Youth Sport Robin S. Vealey, Melissa A. Chase, 2016-01-08 Although the physical and psychological benefits of youth participating in sport are evident, the increasing professionalization and specialization of youth sport primarily by coaches and parents are changing the culture of youth sport and causing it to erode the ideal mantra. It's all about the kids. In *Best Practice for Youth Sport*, readers will gain an appreciation of an array of issues regarding youth sport. This research-based text is presented in a practical manner with examples from current events that foster readers' interest and class discussion. The content is based on the principle of developmentally appropriate practice (DAP), which can be defined as engaging in decisions, behaviors, and policies that meet the physical, psychological, and social needs of children and youth based on their ages and maturational levels. This groundbreaking resource covers a breadth of topics including bone
