

PARTITIONING SHAPES

3rd Grade

The collage displays several math worksheets for partitioning shapes. A central worksheet titled "PARTITIONING SHAPES" is highlighted with a pink border. It includes a green pentagon divided into five equal triangles. Text on the worksheet asks "How many parts?" and "The shape is partitioned into _____ equal parts." Below this, it states "Each part represents $\frac{1}{5}$ of the area of the whole." Other worksheets in the background show a hexagon, a circle, a triangle, and a rectangle, each with instructions to partition and shade. A yellow sticky note with the fraction $\frac{1}{6}$ is also visible. The background is decorated with colorful dots and small images of sharpeners.
