The Secret History of the Gnostics Andrew Phillip Smith, 2015-11-24 Learn more about the myths practices history and recent resurgence of Gnosticism as a Gnostic scholar seeks to answer why this Christian mystical movement has inspired the likes of Dan Brown and Philip Pullman The Secret History of the Gnostics offers long awaited illumination on the mystical movement that teaches gnosis knowledge of God as opposed to unquestioning faith Acclaimed author Andrew Phillip Smith delves into the myths and practices of this ancient movement exploring its popularity during 2nd century AD its subsequent decline under the weight of orthodoxy in the Church and its present day resurgence Gnosticism has travelled a fascinating path from the Manichaeans in Modern Persia between the 3rd and 7th centuries AD to the triumphs and tragedies of the Cathars in Southern Europe between the 12th and 14th centuries to finally today's Mandaean in Iraq However as the author points out the revival of Gnosticism extends further than these narrow sects offering inspiration to a legion of literary figures including Dan Brown and Philip Pullman Gnosticism's emphasis on personal over organized religion in keeping with the doctrine of the early Christian era during which it thrived has found particular resonance with today's multicultural world In addition to discussing the Gnostic gospels and the sect's practical beliefs and customs The Secret History of the Gnostics is also in effect a manifesto an appeal to those inspired by or drawn to the Gnostic faith not to forget its origins

Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond The Gospel of Philip ,2012-08-24 This ancient Gnostic text can be a companion for your own spiritual quest The Gospel of Philip is one of the most exciting and

accessible of the Gnostic texts found at Nag Hammadi in Egypt in 1945 The source of Dan Brown s intriguing speculations about Mary Magdalene in his best selling novel The Da Vinci Code the Gospel of Philip draws on ancient imagery the natural world the relationships between women men and family the ancient distinctions between lord and servants free people and slaves and pagans Jews and Christians to offer us insight into the spiritual interpretation of scripture that is at the foundation of Christianity The Gospel of Philip Annotated and Explained unravels the discourses parables and sayings of this second century text to explore a spiritual non literal interpretation of the Bible Along with his elegant and accurate new translation from the original Coptic Andrew Phillip Smith probes the symbolism and metaphors at the heart of the Gospel of Philip to reveal otherwise unrecorded sayings of Jesus fragments of Gnostic mythology and parallels to the teachings of Jesus and Paul He also examines the joyful imagery of rebirth salvation and mystical union in the bridal chamber that was the pursuit of Christian Gnosticism Now you can experience this ancient Gospel even if you have no previous knowledge of early Christianity or Gnostic thought This SkyLight Illuminations edition provides important insights into the historical context and major themes of the Gospel of Philip and gives you a deeper understanding of the Gospel s overarching message deciphering our own meaning behind the symbols of this world increases and enriches our understanding of God

The Secret Books of the Egyptian Gnostics Jean Doresse,1960

Pistis Sophia G. R. S. Mead,2017-02-23 This edition of the Pistis Sophia is a complete and accurate reprint of the original translation by G R S Mead in 1921 It contains all of Mead s original notes and running commentary as well as his annotated bibliography which includes numerous sources and further research material for the reader The Pistis Sophia is a gnostic text thought to have been written sometime between the 3rd and 4th centuries AD According to Mead there were two codices discovered in the late 18th century that contained the original work The Bruce Codex was brought to Oxford by the famous Scottish traveler Bruce in 1769 and the Askew Codex was given to the British Museum by the heirs of a wealthy doctor in 1785 Both codices were thereafter translated by experts and their contents ordered in a fashion that seemed proper according to their best abilities Mead s translation followed these efforts but as he says in his introduction the order of the contents was changed to place the contents of these Coptic translations roughly in such a sequence that the reader may be led from lower to higher grades of the Gnosis The Pistis Sophia itself is of such a marvelous and complex nature that it is hard to describe in a short space But generally the book shows the risen Jesus revealing the lower and higher mysteries to a group of his followers over the period of 22 years Included in these mysteries are complex cosmologies that the human soul

must travel through in order to reach Gnosis with the Father A new story of the rise and fall of a restorative figure known as the Pistis Sophia is also given by Christ The text in the first three of the four books is a dialogue between Jesus and his disciples including Mary Magdalene who is the most active in the discussion Other disciples involved include John the Virgin Andrew Bartholomew James John Mary Martha Mathew Philip Salome Simon the Canaanite and Thomas It is apparent based on the character of the text that the work was a compilation of various earlier editions as some subjects and events are covered multiple times with slight variations Changes in certain words used in describing the same ideas also illustrate that the collected works were from different time periods The first book details how Jesus after his resurrection stayed with his disciples for eleven years teaching the lowest of the mysteries An intricate cosmology is introduced through the details of Jesus ascending the so called aeons in order to do battle with certain servants archons of the creator god who stands between human beings and gnosis It is in this cosmology that the new myth of the Pistis Sophia is introduced and discussed continuing into the second book where connection between the current work and the Book of Jeu is demonstrated Interestingly unlike such other Gnostic myths such as the Apocryphon of John the Pistis Sophia myth is limited to the lower aeons not herself being a divine being from the higher levels of heaven The third book concerns the ethical code for the adherents of Christianity and outlines punishments for the transgression of that ethical system Additionally human beings and their spiritual nature are discussed along with their connectedness to each other and when they should be given the mysteries The fourth book details further cosmological and astrological systems including myths of fallen archons and their imprisonment within certain zodiacal spheres Five realms of punishment with their corresponding types of sinners are revealed along with the ritual and requirements for their release

Pistis Sophia ,2003 Early Christian mystical groups were called Gnostics meaning those who know because of their spiritual knowledge Their teachers were persecuted and most documents destroyed because the Church desired a uniform set of beliefs to operate under Pistis Sophis was the most important Gnostic work until the discovery and publication of The Nag Hammadi Library It remains an important milestone in Gnostic research and should be part of any serious study It is the story of how we as spiritual beings have fallen into the physical world The soul is asleep unaware of its true nature but the purpose of this gospel is to help awaken us

The Secret Book of John ,2012-12-14 This ancient Gnostic text can be a companion for your own spiritual quest The Secret Book of John is the most significant and influential text of the ancient Gnostic religion Part of the library of books found in Nag Hammadi Egypt in 1945 this central myth of Gnosticism tells the story of how God fell from perfect Oneness to imprisonment in the material world and how by knowing our divine nature and our divine origins that we are one with God we reverse God s descent and find our salvation The Secret Book of John The Gnostic Gospel Annotated Explained decodes the principal themes historical

foundation and spiritual contexts of this challenging yet fundamental Gnostic teaching Drawing connections to Christianity Buddhism Hinduism kabbalistic Judaism and Sufism Davies focuses on the mythology and psychology of the Gnostic religious quest He illuminates the Gnostics ardent call for self awareness and introspection and the empowering message that divine wholeness will be restored not by worshiping false gods in an illusory material world but by our recognition of the inherent divinity within ourselves Now you can experience and understand this foundational teaching even if you have no previous knowledge of Gnosticism This SkyLight Illuminations edition presents the most important and valued book in Gnostic religion with insightful yet unobtrusive commentary It provides deeper insight into the understanding that in Gnosticism the distinction between savior and saved ceases to exist you must save yourself and in doing so save God **Pistis Sophia**, 1984 The first English translation of the Gnostic religious document that was the most influential of all Gnostic studies before the discovery of the Nag Hammadi library Some of the Contents Documents Probable History of the Treatise Jesus Hitherto Instructeth His Disciples Only up to the Region of the First Mystery Treasure of Light Confusion of the Powers Dismay of the Disciples Jesus Addresseth Them That John Was Elias in a Former Birth Mystery of the Five Words on the Vesture Sophia Her Fellow Powers Behold the Light *Forbidden Faith* Richard Smoley, 2006-04-11 Who were the Gnostics Were they heretics or were they ancient visionaries who possessed the keys to the deepest secrets of Christianity Where did they come from Did they leave any descendants Why were they suppressed by the early Church And why do their ideas keep reappearing throughout history *Forbidden Faith* is the first comprehensive popular history of Gnosticism a secretive tradition that has survived for centuries in many forms and under many names Richard Smoley an expert in esoteric Christianity traces the Gnostic legacy from its ancient roots in the Gospel of Thomas discovered in Egypt early second century Gnostic communities of the Roman Empire and the Manichaeans of Central Asia He tracks how the Gnostic impulse was publicly repressed but survived underground in various forms of Christianity surfacing again in the Middle Ages with the Cathars a mysterious group of heretics who inspired the medieval tradition of courtly love but were then wiped out by the Inquisition Since then Smoley reveals the Gnostic legacy has survived into the modern era with the help of Jewish Kabbalists the Freemasonry of our founding fathers the poetry of William Blake the intuitive insights of nineteenth century American Theosophists and the psychological works of Carl Jung Finally we learn how some of the key teachings of the Gnostics are being revived today in serious nonfiction such as the criticism of Harold Bloom in the science fiction of Philip K Dick as well as in popular Hollywood films like *The Matrix* and *The Da Vinci Code* Why should Gnosticism exercise such a peculiar and lasting fascination Throughout most of Christian history Gnosticism was the forbidden faith and such condemnation by the official Church might actually have served to endow the movement with glamour But that explanation goes only so far For the Gnostics to have such lasting appeal it seems logical that they must offer solutions to some problems solutions overlooked by mainstream religion *Forbidden Faith* provides the enduring story and continuing legacy of those errant faithful who have

had direct experiences of the divine that can't be explained by the official beliefs of the Church **Forbidden Faith** Richard Smoley, 2009-10-29 Scholar Richard Smoley reveals the secret history of the religious doctrines of Gnosticism in *Forbidden Faith*. The success of books such as Elaine Pagels's *Gnostic Gospels* and Dan Brown's *Da Vinci Code* proves beyond a doubt that there is a tremendous thirst today for finding the hidden truths of Christianity, truths that may have been lost or buried by institutional religion over the last two millennia. In *Forbidden Faith*, Richard Smoley narrates a popular history of one such truth: the ancient esoteric religion of Gnosticism, which flourished between the first and fourth centuries A.D. but whose legacy remains even today, having survived secretly throughout the ages. Smoley elegantly tracks one of our wildest and most vital inner lineages: the one that comes down through Plotinus, the Gospel of Thomas, the Cathar Perfects, Pico della Mirandola, Madame Blavatsky, Jung, and the Matrix films. Coleman Barks, author of *The Essential Rumi*. This clear, concise primer traces the Gnostic threads of philosophy, religion, science, and popular culture from their biblical references through to their 21st-century appearances in novels and film. Moving easily from one century to the next while at the same time connecting them to each other, Smoley is at once thoughtful and thought-provoking. He paves a wide, clear path to understanding it, accessible even to the weekend seeker. Publishers Weekly Starred Review. Drawing on an impressive mastery of the subject matter, Smoley traces Gnosticism from the first century CE to the present. A compelling and accessible argument. A thoroughly enjoyable read. Highly recommended. Library Journal [The Gnostic Discoveries](#) Marvin W. Meyer, 2005-11-08 On the 60th anniversary of the discovery of ancient Gnostic texts at Nag Hammadi, a leading scholar explains the historical significance and continuing influence of these alternative views of Christianity, suppressed by the early church **Gnosis** Philip Gardiner, 2006 From the Queen of Sheba to the arcane secrets of the Christian Gnostics, from the Muslim Sufi to the Hindu Avatars, this book weaves a tale so profound and so precise that it will re-write not only the history of this Temple to the Lord but will also bring to the world a new method of psychology *Pistis Sophia* G. R. S. Mead, 2014-03 This is a new release of the original 1922 edition **Holy Wisdom and the Logos of God**, 2021 This text is a new book. It is called *Holy Wisdom and The Logos of God: The Four Lost Apocryphal Christian Gospels of Truth*. Philip Mary and Thomas with the Secret Revelation of John. Though new, I have extensively redone or rewritten most of the material found in my previous book *Truth: What is Truth?* In this text, I have decreased some over-explanation or interpretations across the board. Comments on science are now in Appendices or here or there within Introductions. I endeavored to make all of the books closer to the core Coptic and Gnostic message. It is a text along the Judeo-Christological Gnostic spectrum. Yet I have consciously written it for anyone of a loving and caring spirit, spiritual persuasion or practice. I might suggest first read the Gospels and Secret John, then go back and read the introductions, appendices, addendums, and so forth. Author's note 7
