**A Guide to Tracing Your Family History using the Census** Emma Jolly,2020-08-30 The census is an essential survey of our population and it is a source of basic information for local and national government and for various organizations dealing with education housing health and transport Providing the researcher with a fascinating insight into who we were in the past Emma Jolly s new handbook is a useful tool for anyone keen to discover their family history With detailed accessible and authoritative coverage it is full of advice on how to explore and get the most from the records Each census from 1841 to 1911 is described in detail and later censuses are analyzed too The main focus is on the census in England and Wales but censuses in Scotland Ireland the Channel Islands and the Isle of Man are all examined and the differences explained

Particular emphasis is placed on the rapidly expanding number of websites that offer census information making the process of research far easier to carry out The extensive appendix gathers together all the key resources in one place Emma Jolly s guide is an ideal introduction and tool for anyone who is researching the life and times of an ancestor *Tracing Your Ancestors Using the Census* Emma Jolly,2013-09-19

The Pen Sword guide to the census is detailed accessible and authoritative and it is one of the most comprehensive on the market It has been written with the family historian in mind and it is packed with advice on how to explore and get the most from the census records As well as describing the modern censuses it provides information on the less known censuses dating from before 1841 and it covers the records of all the constituent parts of the British Isles It is an essential introduction and tool for anyone who is researching the life and times of an ancestor Emma Jolly describes how and why census records came to be created then looks in detail at how to search the main censuses from 1841 to 1911 Each chapter covers the relevant historical context compares online and other sources identifies problems like lost or damaged records and shows how the specific information in the census concerned can be interpreted effectively While the censuses of England and Wales Scotland Ireland the Channel Islands and the Isle of Man are all examined the main focus is on the English and Welsh census with differences noted for other areas An extensive appendix and bibliography which for ease of access gathers together all the key resources in one place is also provided How

Everyday Forms of Racial Categorization Survived Imperialist Censuses in Puerto Rico Rebecca Jean Emigh,Patricia Ahmed,Dylan Riley,2021-09-29 This book examines the history of racial classifications in Puerto Rico censuses starting with the Spanish censuses and continuing through the US ones Because Puerto Rican censuses were collected regularly over hundreds of years they are fascinating test cases to see what census categories might have been available and effective in shaping everyday ones Published twentieth century censuses have been well studied but this book also examines unpublished documents in previous centuries to understand the historical precursors of contemporary ones State centered theories hypothesize that censuses especially colonial ones have powerful transformative effects In contrast this book shows that such transformations are affected by the power and interests of social actors not the strength of the state Thus despite hundreds

of years of exposure to the official dichotomous and trichotomous census categories these categories never replaced the continuous everyday ones because the census categories rarely coincided with Puerto Rican s interests **Recording**

**Leisure Lives** Helen Pussard,2009 **Information History in the Modern World** Toni Weller,2010-12-09 Information has a rich but under explored history The information age of the late twentieth century witnessed the emergence of a new history of information and in this timely collection of essays a team of international scholars from a variety of disciplines examines the changing understandings of information in the modern world Situating the concept of information in varying historical contexts since the eighteenth century Information History in the Modern World Histories of the Information Age Explores how this historical research can challenge our perceptions of the information age in the global twenty first century Discusses ephemera wars imagery empire identification and the transience of history in the digital era Argues that the changing uses perceptions and manifestations of information helped to shape the world we know today Authoritative and approachable this is an invaluable resource for anyone who is interested in how and why information has become a distinguishing feature of the modern world
