No passing running tackling or kicking Hey there isn t even a field Yet the draft has become more popular than many other sporting events including the NBA and NHL playoff games against which it goes head to head for viewers In fact the draft has spawned its own cottage industry in which names such as Gil Brandt Mel Kiper Jr and Mike Mayock have become as well known as any of the first round selections In On the Clock Barry Wilner and Ken Rappoport chronicle the history of the proceedings The veteran sportswriters take you from the first grab bag in 1936 when Philadelphia chose Heisman Trophy winner Jay Berwanger of the University of Chicago only for him to decline to play in the NFL to the 2014 draft considered one of the deepest in talent ever Along the 78 year journey learn about the competitions for the top overall spot Peyton Manning vs Ryan Leaf the unhappy No 1s John Elway and Tom Cousineau the big flops JaMarcus Russell and the late rounders turned superstars Tom Brady Meet the draft wizards from Paul Brown to Bill Walsh and Jimmy Johnson and read about the draft whiffs that cost personnel executives their jobs On the Clock takes you behind the scenes at one of pro football s most suspenseful annual events

The Draft Pete Williams,2007-03-20 An explosive look at the NFL Draft from

the inside out that exposes the multilayered feeding frenzy that swarms around America s top college players The Draft follows a handful of NFL hopefuls through the ups and downs of the 2004 college football season and the predraft process culminating with the 2005 draft Among the prospects are Virginia defensive end Chris Cantz who overcomes a devastating

early season knee injury to reestablish himself as a top draft hopeful only to suffer a detached retina in a nightclub skirmish and Fred Gibson a talented but rail thin Georgia wide receiver who struggles to put on the weight needed to go over the middle in the NFL It's a complex environment with college coaches attempting to protect their student athletes from exploitation while fully aware that they can only remain competitive if they attract NFL caliber players to their schools along with sports agents and NFL scouts trying to stay a step ahead of their competition These parties provide a multi angled view of the world of emerging NFL talent The reader follows the season through the eyes of a host of power players and scouts from veteran agent Pat Dye Jr to Jerry Maguire clone Jack Scharf to the coaching divisions of Florida State University and the University of Virginia headed by longtime Bill Parcells disciple Al Groh Also central to the narrative are the Atlanta Falcons and executives Rich McKay and Tim Ruskell now with Seattle who use a character based evaluation system to set their draft board These parallel stories weave together culminating in draft weekend to create a gripping and fascinating look at a world few see from the inside

The Draftnik Drew Boylhart, 2012-08 It has been reported that 40 million sports fans watch or listen to the NFL Draft for three days every year For me personally it's a year round endeavor Since 1979 my first year of involvement in the draft it has grown and developed into its own type of cottage industry The Draft because of its addicting nature has brought new revenue to the NFL The driving force behind this new source of revenue has always been Draftniks like the late Joel Buschbaum Mel Kiper and others like me We are Draftniks and the

unexpected affect the draft has had on us is an American story in itself It s a story of a person creating something out of nothing and making it important in this case to the sports world It s also a story about how interest in the draft was the driving force in my life which helped me to indentify and deal with being Dyslectic *The NFL Draft* Martin Schmidt,2010

His annual book contains in-depth information on some 350 players eligible for the draft, with the history, strengths and weaknesses of each player clearly documented. Nawrocki also quotes other scouts on their opinions of individual players and gives probable draft rounds in which they will be drafted and even some teams they would fit best. He ranks the top ten players at each position on both offense and defense and gives the latest measurables available from both the Combine and individual pro days. Nawrocki led Pro Football Weekly's draft coverage from 2003 to 2013, then independently took over the writing and research on this book in the grand tradition of the iconic football analyst Joel Buchsbaum.

Draft Daze Nathan Frederick, 2013-04-03 For a country obsessed with reality television, the NFL Draft might be the ultimate experience: a broadcast that blends real life drama with the rooting interests of sports fans. Grown men cry on stage. Futures are determined live with cameras rolling and small fortunes riding on each pick. Surprises show up. And for a few days every team and every fan too seems to have some semblance of hope. Since moving the first round to primetime in 2010, the NFL Draft has been averaging about 40 million viewers annually, getting better television ratings than playoff games in other sports. Here's why. There's a story behind every pick and often a bit of

controversy too Even the personalities themselves have narratives that are better than anything a script could conjure up ESPN s Mel Kiper Jr narrowly missed a career behind the scenes as a personnel man for his hometown Baltimore Colts Todd McShay may have never made it to television without an injury that ended his playing career The NFL Network s Mike Mayock was a second generation draft pick following a father who chose a teaching career over football Ozzie Newsome was a Hall of Fame player who has been perhaps even better as a general manager for the Baltimore Ravens In the NFL Draft everyone has a story But ultimately I wanted my own I went through questions on the infamous Wonderlic test to a fantasy game where I d amass millions and all the way back to my beloved Cincinnati Bengals a team notorious for bungling the draft It was a dizzying ride through the drafts past and present as every team turned an eye toward the future My story just like the 2012 NFL Draft itself starts with the Colts And they are on the clock **The Pro Football Draft** Jim Gigliotti,2016 With the first selection in the draft With those words each spring the NFL commissioner makes a dream come true for one young man Today that dream come true moment is watched more closely than ever and has been talked about analyzed and dissected for months leading up to it and to the hundreds of draft picks that follow The annual selection of college players by the NFL has turned into a year round extravaganza of stats stories and predictions A veteran football journalist is the ringmaster of reporting for this circus which connects money media and miracles Professional football is clearly the most popular and successful sports league in American history Rather than focus on the star players or big games this series takes a broader deeper look at the sport off the field The insider experience of the authors reveals the secrets that make the NFL No 1 Just because you know who won the Super Bowl doesn t mean you know ALL ABOUT PROFESSIONAL FOOTBALL The National Football League is by far Americas most popular and successful sports league Fans know who won the Super Bowl and who the top players are but do they know how the league is run How games get on TV How the draft works This series written by longtime pro football journalists takes an inside look behind the scenes of pro football opening up new ways to enjoy the game or even consider careers off the field Bonus volumes on the state of high school and college football help readers get perspective on the roles of those levels of the sport on the NFL itself For NFL fans for sports fans for business students this series scores a touchdown Each title in the ALL ABOUT PROFESSIONAL FOOTBALL series includes color photos throughout and back matter including an index and further reading lists for books and internet resources Key Icons appear throughout the books in this series in an effort to encourage library readers to build knowledge gain awareness explore possibilities and expand their viewpoints through our content rich nonfiction books Key Icons in this series are Words to Understand shown at the front of each chapter with definitions These words are set in boldfaced color type in that chapter so that readers are able to reference back to the definitions building their vocabulary and enhancing their reading comprehension Sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives Text

Dependent Questions are placed at the end of each chapter referring back to subjects covered within They challenge the reader's comprehension of the material they have just read while sending the reader back to the text for more careful attention to the evidence presented there Research Projects are provided at the end of each chapter as well and give readers suggestions for projects that encourage deeper research and analysis Educational Videos are offered in chapters through the use of a QR code that when scanned takes the student to an online video showing a moment in history a speech or an instructional video This gives the readers additional content to supplement the text A Series Glossary of Key Terms is included in the back matter containing terminology used throughout the series Words found here broaden the readers knowledge and understanding of terms used in this field **NFL Draft** David J.
