Night Visions The Hellbound Heart:

Night Visions George R. R. Martin, 1988 A collection of eleven tales of terror by three noted authors **Night Vision** George R. R. Martin, **Night Visions** Clive Barker, 1988-08 On the cutting edge of modern terror this innovative collection features new exciting works by three of today's master storytellers Dean R Koontz Robert McCammon and Edward Bryant They demonstrate their talents in nerve shattering tales of the macabre **The Modern Weird Tale** S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown Accordingly the author regards the complex subtle work of Shirley Jackson Ramsey Campbell Robert Aickman T E D Klein and Thomas Ligotti as considerably superior to the best sellers of Stephen King Clive Barker Peter Straub and Anne Rice Other writers such as William Peter Blatty Thomas Tryon Robert Bloch and Thomas Harris are also discussed Taken as a whole the volume represents a pioneering attempt to chart the development of weird fiction over the past half century **The Hellraiser Films and Their Legacy** Paul Kane, 2015-05-07 Best selling horror novelist Clive Barker's 1987 film Hellraiser has become an undisputed horror classic spawning a movie franchise that to date includes eight films Exploring not only the cinematic interpretations of the Hellraiser mythos but also its intrusion into other artistic and cultural forms this volume begins by identifying the unconventional sources of Barker's inspiration and following Barker from his pre Hellraiser cinematic experience through the filming of the horror classic It examines various themes such as the undermining of the traditional family unit and the malleability of the flesh found throughout the film series and the ways in which the representation of these themes changes from film to film The religious aspects of the films are also discussed Characters central to the franchise and the mythos are examined in detail *Bloodscripts* Elana Gomel, 2003 We live in an increasingly violent world From suicide terrorists to serial killers violent subjects challenge our imaginations We seek answers to our questions on this subject in literature cinema and electronic media In *Bloodscripts* Elana Gomel examines how popular culture narratives construct violent subjectivity Using such various narratives as mystery horror detective and fantasy fiction as well as accounts of the atrocities perpetuated by serial killers and the Holocaust *Bloodscripts* offers a new map of the genres of violence and links the twin obsessions of postmodern culture crime and genocide *Bloodscripts* is a stimulating original and accessible account of the narrative construction of the violent subject It proposes a narrative model that will be of interest to literary critics cultural scholars criminologists and anyone trying to understand the role of violence in postmodern culture **Science Fiction and Fantasy Literature, 1975-1991** R. Writing Horror and the Body Linda Badley, 1996-06-18 In this sequel to *Film Horror and the Body Fantastic* Badley examines horror fiction as a fantastic genre in which images of the body and the self are articulated and modified Badley places horror fiction in its cultural context drawing important connections to theories of gender and sexuality As our culture places increasing importance on body image horror fiction has provided a language for imagining the self in new ways often as ungendered transformed or re generated Focusing on the works of Stephen King Clive Barker and Anne Rice Badley approaches horror as a discourse that articulates the anxieties of our culture

Clive Barker's Short Stories Gary Hoppenstand, 1994 Unlike other horror fiction and fantasy writers Clive Barker is true to the literary heritage of the genre Though aware of the importance of entertainment in his writing he embraces the traditional formulas of horror fiction and builds upon them all the while alluding to the works of Dante Poe Mary Shelley and others The complexity of Barker s writing is best evidenced in the six volume *Books of Blood* Many of these short stories are entertaining hair raisers yet they do not revel in gratuitous violence instead relying on style and a masterful sense of language to entertain This detailed study analyzes the significant themes in Barker s writing placing him in the British Gothic tradition of Marlowe Saki and others
