Scott Kelby's Digital Photography Boxed Set, Parts 1, 2, 3, and 4, Updated Edition Scott Kelby,2013-11-18 With over 800 of the most closely guarded photographic tricks of the trade this boxed set consisting of all four parts of Scott Kelby s best selling series The Digital Photography Book is the ultimate resource for any one who wants to shoot dramatically better looking sharper more colorful more professional looking photos every time Camera technology advances quickly and with this boxed set now including updated editions of Parts 1 and 2 readers will find refreshed tips and

tricks to be current for today's photographer. The equipment Scott uses and recommends to the reader has been updated as well as prices, links and pictures. In Part 1 Scott has added a new chapter addressing the top 10 things he wishes he would've been taught when he was just starting out in photography. And there is a whole new section in Part 2 entitled 'The Seven Deadly Sins of Landscape Photography' where Scott discusses the biggest traps in landscape shots and how to avoid them in order to create breathtaking imagery. Scott Kelby, the man who changed the digital darkroom forever with his groundbreaking best selling 'The Photoshop Book for Digital Photographers' now tackles the most important side of digital photography: how to take professional quality shots using the same tricks today's top digital pros use and it's easier than you think. These aren't books of theory full of confusing jargon and detailed concepts. These are books on which button to push, which setting to use and when to use it. Each page covers a single concept on how to make your photography better. Every time you turn the page you'll learn another pro setting tool or trick to transform your work from snapshots into gallery prints. If you're tired of shots that look okay and if you're tired of looking in photography magazines and thinking 'Why don't my shots look like that?' then these are the books for you. *British Journal of Photography*, 2009 *Popular Photography*, 2010
