**Why We Fight** Shane Burley, 2021-04-20 *Why We Fight* is a collection of essays written in the midst of the largest resurgence of the far right in fifty years and the explosion of antifascist antiracist and revolutionary organizing that has risen to fight it. The essays unpack the moment we live in confronting the apocalyptic feelings brought on by nationalism, climate collapse and the crisis of capitalism but also delivering the clear message that a new world is possible through the struggles communities are leveraging today. Burley reminds us what we're fighting for, not simply what we're fighting against.

*Imagining Community in White Nationalism's Mediated Network* Kevan A. Feshami, 2025-11-13 This book illustrates how white nationalism emerged and maintained itself as a global movement in the years after the Second World War, contending that its international scope was made possible by a network of individuals and groups who depended on media to communicate with each other.
