*Militant Islamist Ideology* Youssef Aboul-Enein, 2013-09-15 In offering a comprehensive explanation of how militant Islamists have hijacked the Islamic religion Aboul Enein provides a realistic description of the militant threat which is far different and distinct from Islamist political discourse and the wider religion of Islam A key adviser at the Joint Intelligence Task Force for Combating Terrorism he argues that winning the war against Militant Islamists requires a more complete understanding of their ideology Clearly defining the differences between Islam Islamist and military Islamist he highlights how militant Islamist ideology takes selected fragments of Islamic history and theology and weaves them into a narrow pseudo intellectual ideology to justify their violence against Muslims and non Muslims alike

*The End of Innocence?* Andrée Feillard, Rémy Madinier, 2011 Long cited as a model of harmonious cohabitation between different religions the most populous Muslim country in the world until recently occupied a special place in the Western imagination Indonesia home to a peaceful version of Islam offered a reassuring counter model to a rowdy and accusatory Arab Islam Since 1999 however confrontations between Christians and Muslims in the Moluccas excesses of vigilantism in Sulawesi and especially the Bali and Jakarta bombings have shattered these simplistic stereotypes For many terrorism experts often self proclaimed Indonesia s mutation confirmed the hackneyed thesis that equated

obscurantism with Islam and saw violent outbreaks as an inevitable consequence The End of Innocence is far removed from the hollow analyses underlying this essentialist thesis The book positions the evolution of Indonesian Islam in the broader context of the recent history of the archipelago and provides a rigorous analysis of the origins and causes of the radical temptation deciphering its simplistic ideology and showing how it has been nourished by political manipulation The authors both historians specialising in Indonesian Islam describe the hold of religious extremism as well as the strong resistance it has provoked in a country that has quickly become one of the key spots in the upheavals occurring throughout the Muslim world Publisher description      **The Terror Business** C.
