**Panzer General** Kenneth Macksey,2018-02-06 Kenneth Macksey's highly regarded biography of Generaloberst Heinz Guderian gives clear insight into the mind and motives of the father of modern tank warfare Panzer General shows Guderian as a man of ideas equipped with the ability to turn inspiration into reality A master of strategy and tactics he was the officer most responsible for creating blitzkrieg in World War II Guderian built the Panzerwaffe in the face of opposition from the German General Staff and personally led the lightning campaigns by tanks and aircraft that put a large part of Europe under domination by the Third Reich Kenneth Macksey a tank man himself for more than twenty years reveals the man as a brilliant rebel in search of ideals and a general whose personality genius and achievements far transcended those of Rommel As well as throwing light on the crucial campaigns in Poland France and Russia this biography illuminates the struggles within the German hierarchy both in the military and in the Nazi Party for control of the Panzer forces Based on information from the extensive family archives Panzer General demonstrates why Guderian was so admired by some while denigrated by others
