Cpp Exam Self-practice Review Questions for Payroll Professional 2016/17
Examreview, 2016-11-03

The CPP designation is granted by the American Payroll Association (APA) to those who successfully complete the Certified Payroll Professional (CPP) examination for five full calendar years at which time recertification is required, plus some other requirements. The primary goal of the CPP certification program is to promote the standard for payroll professionals as accepted by the business community and the public at large. The 4-hour CPP multiple-choice exam covers Core Payroll concepts, Compliance Principles of Paycheck Calculations, Payroll Process and Systems, Accounting, Management, and Administration. We create these self-practice test questions referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge, and to identify areas of weakness that require remediation. The questions are NOT designed to simulate actual exam questions. Realistic or actual questions that are for cheating purposes are not available in any of our products. If you have purchased our CPP Payroll Study Guide, then you don't need to buy this product. The material in this product is already included in our CPP Study Guide.
