Kamasutra In Marathi:

Images of Women in Maharashtrian Literature and Religion Anne Feldhaus, Professor of Religious Studies Anne Feldhaus, 1996-01-01 The essays investigate the images of women and femininity found in the traditions of the Marathi language region of India Maharashtra and how these images contradict the actualities of women's lives Kamasutra Vātsyāyana, 2002 The Kamasutra is the oldest extant Hindu textbook of erotic love It is about the art of living about finding a partner maintaining power in a marriage committing adultery living as or with a courtesan using drugs and also about the positions in sexual intercourse It was composed in Sanskrit the literary language of ancient India sometime in the third century of the common era probably in North India It combines an encyclopedic coverage of all imaginable aspects of sex with a closely observed sexual psychology and a dramatic novelistic narrative of seduction consummation and disentanglement Best known in English through the highly mannered padded and inaccurate nineteenth century translation of Sir Richard Burton the text is presented here in an entirely new translation into clear vivid sexually frank English together with three commentaries translated excerpts from the earliest and most famous Sanskrit commentary 13th century and from a twentieth century Hindi commentary and explanatory notes by the two translators The lively and entertaining introduction by Wendy Doniger discusses the history of the text and its reception in India and Europe analyses its attitudes toward gender and sexual violence and sets it in the context of ancient Indian social theory scientific method and sexual ethics

Kamasutra Mallanaga Vatsyayana, Vātsyāyana, 2009-03-26 The Kamasutra is the oldest extant Hindu textbook of erotic love About the art of living as well as about the positions in sexual intercourse it is here newly translated into clear vivid sexually frank English together with three commentaries excerpts from the earliest and most famous Sanskrit commentary 13th century a twentieth century Hindi commentary and explanatory notes by the translators The edition is enhanced by a selection of colour plates from an early edition of the work Marathi and Konkani Speaking Women in Hindustani Music, 1880-1940 Jennifer C.
