performed multiple functions they stabilized confidence in times of crisis they dramatized the class blindness of the law and they were increasingly seen as essential as faith in a self regulating economy ebbed The criminalization of fraud therefore has far reaching implications for our understanding of nineteenth century Britain It also has relevance today in light of the on going economic crisis and the issues it raises regarding business ethics and the role of the state     Paint, Oil and Drug Review ,1893     **Southern Farm and Home** ,1871     **Paint, Oil and Chemical Review ...** ,1893     **Engineering and Mining Journal** ,1879     *"The" Athenaeum* ,1891     The American Stationer ,1879     Investors Chronicle and Money Market Review ,1875     **Cincinnati Price-current** ,1898     The Financier ,1873     **Saturday Review of Literature** ,1930
