**Undressing the Ad** Katherine Toland Frith, 1997 Undressing the Ad aims to empower readers to become media literate through the work of deconstructing the consumer culture that surrounds them By introducing critical scholarship on advertising in a way that is accessible the book attempts to show how issues of race class and gender are expressed in contemporary advertising The readings in this book take a decidedly critical political perspective and explore how representation in advertising upholds certain economic and political structures and subverts others and exposes the myth

that advertisements are merely messages aimed at selling goods and services Rather they are texts that shape contemporary culture and shape our images of ourselves *Runner's World* ,1999 **IEG Sponsorship Sourcebook** ,2005 *The Advertising Red Books* ,2005-04 The New York Times Magazine ,1992 **F&S Index United States** ,1997 Forbes ,2008
