

FINANCIAL AID FOR COLLEGE

Don't panic about those scary high costs of attendance you see posted on college websites. Lots of students actually pay through grants, scholarships and other "free" funds by the time all is said and done. To make sure your family gets its fair share of financial aid, follow these very easy steps.

1. ESTABLISH A PLAN

☐ HAVE FAMILY MEETING

There's only so far you can go to carry the burden of your own education. Have a meeting to discuss the cost of attendance and what you really expect to receive. If you know your school's past grant and scholarship history, make sure you have the necessary documentation on hand.

☐ FIND A FINANCIAL "SAFETY SCHOOL"

Look for schools that give grants and scholarships to students who are academically strong but at some price colleges otherwise might not accept. It's usually not the best of all worlds, but it's better than none at all.

☐ SORT OUT A BUDGET PLAN

Apply to as many colleges that completely identify with your financial strength as you can and let the numbers do the talking.

2. MAKE A COMMITMENT

☐ COMMIT TO THE PLAN

Even if you don't expect to pay for all your education, you must be willing to contribute. Don't get into a college unless you're willing to contribute to the cost.

☐ KNOW WHAT TO ASK FOR

When you're applying, don't make your school choice application a demand for money. Instead, make your financial situation clear. Ask for what you need, but be realistic. Don't expect to get everything you want. If you're not prepared to pay for it, you're not going to get it.

☐ TAKE THE FIRST STEP

The first financial aid form you'll need to fill out is the FAFSA. It's the first step in getting financial aid. Fill it out as soon as you can.

3. MAKE A COMMITMENT

☐ MAKE YOUR CHOICE

It's important to know what you can afford to pay. Don't get into a college unless you're willing to pay for it. If you're not prepared to pay for it, you're not going to get it.

☐ LOOK BEYOND THE PRICE TAG

Don't let the price tag be the only factor in your choice. Look for schools that offer good value for the money. Don't let the price tag be the only factor in your choice.

☐ LOOK FOR THE BEST VALUE

Don't let the price tag be the only factor in your choice. Look for schools that offer good value for the money. Don't let the price tag be the only factor in your choice.

Financial Aid Ideas

AW Rasmussen

Financial Aid Ideas:

Bright Ideas: The Ins & Outs of Financing a College Education Donna Carpenter, 2010-05-11 Whether your child is 18 months or 18 years of age the time to start planning for college costs is now No matter what your financial situation or the amount of time you have to plan there is a way to pay for college With an extensive state by state listing of loan sources as well as a complete breakdown of schools offering prepayment and special tuition payment plans co op education programs and R O T C Bright Ideas is required reading for college bound students and their families

How the Financial Crisis and Great Recession Affected Higher Education Jeffrey R. Brown, Caroline M. Hoxby, 2015-01-08 The recent financial crisis had a profound effect on both public and private universities Universities responded to these stresses in different ways This volume presents new evidence on the nature of these responses and how the incentives and constraints facing different institutions affected their behavior

Financial Education in U.S. State Colleges and Universities Donna E. Danna, 2015-11-28 This book addresses the uncertain state of financial literacy among today s college students and examines steps colleges and universities are taking to address this widespread concern This work introduces a four fold typology of organizational models for college based financial education programs and uses these as optics for grouping and presenting case studies The case studies presented provide a holistic representation of how universities develop sustain and grow financial education programs Details on the nature of programs goals administrative support resources partnerships scale of operations program content and delivery advertising evaluation program spinoffs and much more are captured in this work In addition to detailed case studies this book presents general findings on the availability of and delivery modes for college based financial education This work has significant utility for universities and colleges seeking to implement new financial education programs changing existing programs improving program relevancy or expanding program delivery on campus It is an important contribution to the experiential understanding on how college students as consumers can acquire financial education as part of their broader college curricula and be able to better manage their financial lives Included in the coverage The financial literacy imperative Program delivery and organizational models in state colleges and universities The academic model The full fledged money management center The aspirational seed program The branch interspersed model As financial literacy is increasingly recognized as a core life skill it becomes more crucial as a component of higher education Personal Financial Education in State Colleges and Universities in the U S is salient reading for college and university administrators researchers social workers and mental health professionals working with college students policy analysts and faculty from any discipline interested in promoting the financial literacy of their students
