Not Just Roleplay Vinca Sachi Merriman,2017 Earlier research has shown that players use roleplaying in a number of contexts to explore identity identity performance and to better understand their personal interactions One place this comes into play is in games where players play the role of a character other than themselves This thesis looks specifically at analog games and examines the way that game rules shape players ability to explore identity and social interaction through the game I argue that game rules in these games help determine what questions players ask themselves and what kinds of interaction they explore To better understand these types of games I look at the rules of a specific LARP Dystopia Rising and a specific tabletop game Shadowrun in detail in order to better understand how these rules have the potential to shape players exploration of identity and interaction
