Themes in Alternative Investments Shaen Corbet, Charles Larkin, 2024-07-22 In an era where traditional investment paradigms are being constantly redefined by technological innovation and the global push towards sustainability *Themes in Alternative Investments* emerges as a seminal volume designed to guide investors finance professionals and scholars through the complex terrain of non traditional financial vehicles This volume presents a thorough exploration of the interconnections between cutting edge technology dynamic market forces and the intricate regulatory landscapes shaping the future of finance With a spotlight on burgeoning investment mediums such as cryptocurrencies non fungible tokens NFTs private equity and fine wine it provides a critical analysis of the burgeoning domain of sustainable finance solutions amidst the digital revolution The contributors to this volume undertake a meticulous examination of alternative investments presenting a nuanced narrative that spans from the infamous Tuna Bonds scandal to the high profile downfalls of Silicon Valley Bank and the FTX exchange This narrative delves into the profound implications of technological advancements on market infrastructures scrutinising the shifting contours of financial fraud and the paramount importance of robust regulatory frameworks in upholding market integrity *Themes in Alternative Investments* not only dissects the allure and pitfalls of these emergent investment avenues but also casts a critical eye on the role of artificial intelligence in reshaping investment strategies and market operations The discussion transcends the mere identification of opportunities and challenges offering a deep dive into the mechanisms by which technology and AI are becoming pivotal in the detection and prevention of market manipulation and fraud As the landscape of alternative investments expands driven by investor appetite for innovation and higher yields this volume serves as an indispensable resource It equips stakeholders with the analytical tools and insights

needed to discern the complexities of these investment strategies navigate their risks and harness the potential of financial markets evolving under the influence of digital transformation and sustainability imperatives

Public Discourse and the Fashion Industry Natalia Berger, 2026-02-24 This book explores what happens when fashion discourse migrates from specialised media to mainstream newspapers Analysis of 2 263 texts across five Dutch and international case studies animal welfare disability repair practices smart wearables and metaverse fashion demonstrates systematic reversal instead of creating desire it provokes aversion instead of fostering inclusion it reinforces marginalisation instead of encouraging creativity it stokes speculative investment appetites Drawing on Barthes s semiology of fashion Foucault s discourse theory and Lotman s concept of the semiosphere the book introduces critical discursive matrix analysis as a method for examining fashion at its periphery The findings reveal that when fashion intersects with social issues in mainstream media it becomes colonised by other discursive systems medical civic technology and financial while fashion industry voices retreat replaced by NGOs activists and technology companies pursuing non fashion agendas The volume provides insights into why sustainability efforts fail despite awareness how media representation shapes consumer behaviour and why fashion discourse cannot evolve within its commercial framework Public Discourse and the Fashion Industry will engage a diverse audience including fashion studies scholars discourse analysts media researchers sustainability practitioners policymakers fashion industry strategists and communication specialists

Swarms, Viral Writing, and the Local Carl Whithaus, 2025-04-15 *Swarms Viral Writing and the Local* examines the social and rhetorical dynamics around emerging writing technologies Carl Whithaus argues that these dynamics work across networked publics as patterns of behavior and ways of interacting through and with multimodal texts This rhetorical analysis of the production and reception of born digital rhetoric shows the ongoing and evolving impacts of online public discourse that can lead to bad restaurant reviews or the subversion of democracy It is a networked process that gains significance because of the interplay and tensions between the global and the local As these texts are created distributed received and then recreated and shared again in viral ways different messages resonate across media ecologies Whithaus documents how emerging social dynamics shape and are shaped by digital writing reading and distribution technologies

The 21st Century in 100 Games Aditya Deshbandhu, 2024-06-20 *The 21st Century in 100 Games* is an interactive public history of the contemporary world It creates a ludological retelling of the 21st century through 100 games that were announced launched and played from the turn of the century The book analyzes them and then uses the games as a means of entry to examine both key events in the 21st century and the evolution of the gaming industry Adopting a tri pronged perspective the reviewer the academic and an industry observer it studies games as ludo narratological artefacts and resituates games in a societal context by examining how they affect and are engaged with by players reviewers the gaming community and the larger gaming industry This book will be a must read for readers interested in video games new media digital culture s culture studies and history
