GET YOUR COPY TODAY *Swipe This!* Scott Rogers, 2012-05-30 Learn to design games for tablets from a renowned game designer. Eager to start designing games for tablets but not sure where to start? Look no further. Gaming guru Scott Rogers has his finger on the pulse of tablet game design and is willing to impart his wisdom and secrets for designing exciting and successful games. As the creator of such venerable games as God of War, the SpongeBob Squarepants series, and Pac Man World, to name a few, Rogers writes from personal experience and in this unique book he hands you the tools to create your own tablet games for the iPad, Android tablets, Nintendo DS, and other touchscreen systems. Covers the entire tablet game creation process, placing a special focus on the intricacies and pitfalls of touch screen game design. Explores the details and features of tablet game systems and shows you how to develop marketable ideas as well as market your own games. Offers an honest take on what perils and pitfalls await you during a game's pre-production, production, and post-production stages. Features interviews with established tablet game developers that serve to inspire you as you start to make your own tablet game design. *Swipe This* presents you with an in-depth analysis of popular tablet games and delivers a road map for getting started with tablet game design. **How Video Games Made the Metaverse** Kelly Vero, 2026-01-22 This book offers an unflinching look at the creative and structural challenges of storytelling in interactive media. Drawing on over 30 years of industry experience, Kelly Vero explores the rich interplay between narrative design and technology, making the case for why story far from being a cosmetic layer is foundational to player engagement, emotional investment, and lasting value in games and virtual worlds. The book unpacks how narrative design works across different

genres and platforms from AAA games and sandbox titles to immersive metaverses offering a toolkit of questions and techniques to help creators build experiences that resonate Vero brings the reader inside the design process examining iterative workflows empathy versus hypothesis testing and the importance of building for diverse evolving user bases She draws from case studies including The Legend of Zelda BTS Universe Story Final Fantasy XIV and even RuneScape s infamous party hat showing how stories are told not just through dialogue but also through User Interface UI environment mechanics and player choice Crucially How Video Games Made the Metaverse From Pixels to Portals is about building worlds that people want to live in Whether you re a product lead a writer or a designer this book explores how to integrate content interaction and community into a unified whole It challenges creators to abandon ego led development and instead embrace deep user understanding as the compass for creative direction By the end readers will understand how to apply storytelling techniques not only to games and metaverses but also to digital products more broadly from loyalty programmes and education platforms to virtual retail and Artificial Intelligence AI companions Vero s reflections on narrative purpose and legacy offer a roadmap for creating digital experiences that matter not just ones that entertain
