**1,134 Days to 0** Heather DeVito,2013-07 Mountains of bills and credit debt don't appear overnight nor can they be erased by the time you wake in the morning. Debt is not something that happens to you. Debt sometimes comes from poor choices and the desire to have more than you can afford. It's time to give instant gratification an overhaul and realize what's important. This may require a return to the days of a more simple life when we earned it before we spent it. Engulfing debt, sleepless nights and never ending worry can be rectified with three easy tools discipline, sacrifice and patience. Once you learn how to make and stick to a budget you'll be on the path to a debt free life. If you're in an overwhelming financial pit you'll need the tools to help you out of the abyss. Here you'll find the guidance to help. 1 134 Days to 0 is a collection of witty stories and true heartfelt experiences that guide you along the path to financial freedom. It was written in layman's terms by an everyday person not your typical intimidating financial guru. You'll laugh, you'll cry, you'll be inspired but most of all you'll relate. Through the course of your reading you will have your aha moment when everything seems clear. You will comprehend that true sacrifice can come in many forms. This may be making sure your children have properly fitted clothes and shoes or a nutritious meal while you are resewing your hems to get one more season out of your work pants. You may recognize yourself in the stories, realize where you went wrong and identify how to correct your mistakes. In the end you can reminisce about days gone past when you were in over your head. You'll find your inner rock star and become a savvy shopper and ultimate budget keeper.

**Sports Highlights** Ray Gamache,2023-08-28 This expanded second edition traces the development and popularity of the sportscast highlight. The dominant news frame in the crowded medium of electronic sports journalism as the primary means of communicating about sports and athletes. The book explores the intricate relationships among media producers, sports leagues and organizations and audiences and explains that sportscast highlights are not a recent development. They were often used within a news context in every medium from early news film actualities and newsreels to network and cable television to today's new media platforms. New to this edition are three chapters that explore developments in sports media from cultural, economic and technological perspectives. An obsession with highlights has seen video replay increasingly used to adjudicate sporting events marking a new level of reliance on technology. The media's quest for greater certitude and integrity corresponds with the rise of sponsorship of pro teams by gambling operators with sports betting ads and on screen odds now routinely appearing in sportscasts. Long form sports documentaries have become popular often highlighting a fascination with firsts rooted in notions of human conquest over nature that has remained an important source of sports mythmaking.
