Yoga and Meditation for Beginners John William, PH D, 2021-03-11. Meditation is best after yoga and breathwork since these practices balance the nervous system and stimulate your subtle energy. However, if yoga or breathwork isn't something you do then practice after exercise. When practiced together, yoga and meditation strengthen the connection between mind and body, thereby improving overall fitness and wellbeing. Many forms of yoga combine meditation with the physical sequences, which use controlled breathing throughout the yoga poses. Relaxation and self-discovery happen through the mind with meditation. While doing yoga, you will focus on physical exercises as well. Yoga is much more physical than just meditation.
