stress Alecandra took this a step further and sought to do her own research to find out exactly what the process of yoga entailed. This opened her up to a whole new world and she did end up learning a lot about the process including the many benefits that it came with. As such she took it upon herself to get the information out to as many persons as she possibly could so that they too may learn the many benefits that they can accrue from practicing yoga. Her book is just one of the ways that she chose to do so. [Yoga Guide for Beginners](#) Melody White, 2018-02-24. Feeling tired all the time.
