## Fantasy Football Deal:

Writing and the Digital Generation Heather Urbanski, 2010-03-08 Is it true that in this era of digitization and mass media reading and writing are on the decline In a thought provoking collection of essays and profiles 30 contributors explore what may instead be a rise in rhetorical activity an upsurge due in part to the sudden blurring of the traditional roles of creator and audience in participatory media This collection explores topics too often overlooked by traditional academic scholarship though critical to an exploration of rhetoric and popular culture including fan fiction reality television blogging online role playing games and Fantasy Football Both scholarly and engaging this text draws rhetorical studies into the digital age

Religion and Sport in North America Jeffrey Scholes, Randall Balmer, 2022-09-13 From athletes praising God to pastors using sport metaphors in the pulpit the association between sport and religion in North America is often considered incidental Yet religion and sport have been tightly intertwined for millennia and continue to inform shape and critique one another Moreover sport rather than being a solely secular activity is one of the most important sites for debates over gender race capitalism the media and civil religion Traditionally scholarly writings on religion and sport have focused on the question of whether sport is a religion using historical philosophical theological and sociological insights to argue this matter While these efforts sought to answer an important question contemporary issues related to sports were neglected such as globalization commercialization feminism masculinity critical race theory and the ethics of doping This volume contains lively up to date essays from leading figures in the field to fill this scholarly gap It treats religion as an indispensable prism through which to view sports and vice versa This book is ideal for students approaching the topic of religion and sport It will also be of interest to scholars studying sociology of religion sociology of sport religion and race religion and gender religion and politics and sport in general

How Canadians Communicate V David Taras, Christopher Waddell, 2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media's coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score

points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity **Beyond the Box Score** Richard B. Horrow, Rick Horrow, Karla Swatek, 2010 Beyond the Box Score provides a comprehensive behind the scenes look at how the ever growing professional sports industry really works

**Broadcasting & Cable**, 2009-10 **American History through American Sports** Bob Batchelor, Danielle Sarver Coombs, 2012-12-18 Filled with insightful analysis and compelling arguments this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports culture and American culture intersect. This collection blends historical and popular culture perspectives in its analysis of the development of sports and sports figures throughout American history. American History through American Sports From Colonial Lacrosse to Extreme Sports is unique in that it focuses on how each sport has transformed and influenced society at large demonstrating how sports and popular culture are intrinsically entwined and the ways they both reflect larger societal transformations. The essays in the book are wide ranging covering topics of interest for sports fans who enjoy the NFL and NASCAR as well as those who like tennis and watching the Olympics. Many topics feature information about specific sports icons and favorite heroes. Additionally many of the topics treatments prompt engagement by purposely challenging the reader to either agree or disagree with the author's analysis.

**Routledge Handbook of Sport and New Media** Andrew Billings, Marie Hardin, 2014-01-10 New media technologies have become a central part of the sports media landscape. Sports fans use new media to watch games, discuss sports transactions, form fan-based communities, and secure minutiae about their favorite players and teams. Never before have fans known so much about athletes whether that happens via Twitter feeds, fan sites, or blogs and never before have the lines between producer, consumer, enactor, fan, and athlete been more blurred. The Internet has made virtually everything available for sports media consumption; it has also made understanding sports media substantially more complex. The Routledge Handbook of Sport and New Media is the most comprehensive and in-depth study of the impact of new media in sport ever to be published. Adopting a broad interdisciplinary approach, the book explores new media in sport as a cultural, social, commercial, economic, and technological phenomenon, examining the profound impact of digital technologies on the way that sport is produced, consumed, and understood. There is no aspect of social life or commercial activity in general that is not being radically influenced by the rise of new media forms and by offering a state-of-the-field survey of work in this area, the Routledge Handbook of Sport and New Media is important reading for any advanced student, researcher, or practitioner with an interest in sports studies, media studies, or communication studies. **Screen Digest**, 2004 **The Brushback Report** Dave Saraiva, 2006 In the tradition of The Onion and The Daily Show comes a compilation of edgy and hilarious fake news from the world of sports by the creator of TheBrushback.com. **The ... Leisure Market Research Handbook**, 2007
