Iván Salinas Román,2022-07-06 Having low energy a feeling of chronic tiredness fatigue and even a lack of mental energy and that difficulty in concentrating or a lack of feeling of power are very common problems today so frequent that they are taken as something normal Both men and women we have ever been in a time where we lack energy it is difficult for us to get up in the morning tired when going to train it is difficult for you to study it is difficult for you to concentrate on work we cannot sleep and it seems that the days They get longer time goes by and we can t regain the energy we used to have We all want and need more stable and higher energy levels throughout the day to do more with the time we have and increase our performance whether sports work or in any situation of our life obviously there are going to be strategies that are more effective to increase our energy level or to keep them stable throughout the day and in this book you will get those strategies and tips

Science of Fasting for Healthy Body and Mind Ram Babu Sao,2025-05-31 Fasting has been used for the body to get rid of waste buildup and also for religious and spiritual purification for centuries This book Science of Fasting for Healthy Body and Mind is very fascinating and an exasperating with its simplicity and its vastness Nearly every religious text from the Old and New Testaments of the Upanishads as well as Bible to the Quran calls upon followers to fast periodically as a rite of spiritual purification penitence or preparation for union with God Fasting advocates and claims that the practice can effectively treat serious health conditions like diabetes constipation arthritis and colitis to heart disease and depression In his

practice he has seen fasting combined with improving the diet before and afterwards which eliminates lupus arthritis and chronic skin conditions like psoriasis and eczema He says he has also seen fasting heal the digestive tracts of those with ulcerative colitis and Crohn's disease and lower blood pressure Fasting followed by a vegetarian diet interferes with the immune system's activities especially if the immune system is overreacting as it does with and other autoimmune diseases He cites half a dozen studies published in medical journals ranging from the American Journal of Physiology Endocrinology and Metabolism to the Scandinavian Journal of Rheumatology Studies published in The Proceedings of the National Academy of Sciences and The Journal of Nutrition in 2003 showed that human beings forced to fast every other day while eating twice the normal amount of food on non fasting days had better insulin control neuronal resistance to injury and other health indicators than people fed calorie restricted diets Fasting may yield psychological benefits as well
