Internet revolution With some of the fastest speeds and lowest prices in the world for high speed Internet access the nation
was poised to be the global leader in the new knowledge based economy Today that global competitive advantage has all but
vanished because of a series of government decisions and resulting monopolies that have allowed dozens of countries
including Japan and South Korea to pass us in both speed and price of broadband This steady slide backward not only
deprives consumers of vital services needed in a competitive employment and business market it also threatens the economic
future of the nation This important book by leading telecommunications policy expert Susan Crawford explores why
Americans are now paying much more but getting much less when it comes to high speed Internet access Using the 2011
merger between Comcast and NBC Universal as a lens Crawford examines how we have created the biggest monopoly since
the breakup of Standard Oil a century ago In the clearest terms this book explores how telecommunications monopolies have
