O Bon In Chimunesu A Community Remembered:

Banana Bending Tseen-ling Khoo, 2003-06-01 This is the first book ever to present a comparative reading of East Asian Australian and East Asian Canadian novels while addressing the literary and political cultures of Australia and Canada. Generally the book examines the limits and possibilities for these diasporic literatures in multicultural societies and their placement in relation to national literatures. Issues discussed in the book include citizenship belonging community images of suburbia tensions in gender sexuality and recycling traditional folklore for contemporary situations. The book offers new perspectives on Australian and Canadian life and society addressing contemporary anxieties about citizenship cohesion in multicultural communities ideas of homeland and the cultural potential of the melting pot. The author offers extensive background information so that those unfamiliar with either Australian or Canadian material can quickly acquaint themselves with the necessary contexts as well as delving further into their details. Its comparative approach offers a unique way to deal with issues of diasporic Asian ness a dynamic area of study and national stereotypes. The book also provides a useful counterpoint to recent discussions of Asian American literature. Tseen Khoo offers a fascinating and insightful study of the politics and poetics of literary production by Asian Australian and Asian Canadian writers and image makers. The comparative methodology including the contrasts made to the Asian American context usefully resituates debates about nationalism cultural policies and diasporic histories away from narrow nationalist frameworks to afford a more global perspective. Jacqueline Lo School of Humanities Australian National University. This is an original and timely contribution to debates in diasporic Asian literatures. The author knows her Australian material extremely well and situates these within important and very relevant discussions concerning both cultural and political issues. The comparisons with Canada and to some degree Asian American material are also very well informed. Overall the book is a pleasure to read.
