Object Lessons For Youth:

Everyday Object Lessons for Youth Groups Helen Musick, Duffy Robbins, 2011-04-19 You may not like it that students forgot your talk on temptation but remembered your mouse trap object lesson but the fact remains that nothing brings a lesson to life more vividly and concretely or wakes up a drowsy Sunday school class faster than a good object lesson. In *Everyday Object Lessons for Youth Groups* the authors who are youth workers and teachers of youth workers pool their most effective 45 object lessons into a collection that's perfect for both junior and senior high youth groups. Here are no prep and low prep object lessons for devotionals, Sunday school lessons, talks at camps and retreats, even for sermons. Inside you'll find object lessons about Beauty using a kiwi fruit, Regret a mirror, Divine protection sun block, Anger Alka Seltzer and 7 Up, The power of words, Popsicle sticks, Priorities manure, Confession hydrogen peroxide, Temptation a mousetrap, The person of Jesus, keys, Conformity Play Doh, Endurance bricks and 34 more quirky and attention getting object lessons. Use them to open your lessons to dramatize your talks, to close your Bible studies with a demonstration. However you use them, you have Bible references and provocative discussion starting questions with each object lesson to help you take it in any direction you want. And with both a topical and a scriptural index, you can find the perfect object lesson fast.

47 Object Lessons for Youth Programs H. W. Connelly, 1964 A source book for those who work with young Christian people who need suggestions for their programs and messages. **Simple Object Lessons for Young Children** Greg Squyres, 1992 **Object Lessons for Teaching Youth** Brandon Goode, 2014-11-17 Teaching an intriguing lesson to teenagers can be quite the task. Bruinsma uses a walkie talkie to illustrate that God hears prayer anytime, bath bubbles to show that joy comes from the inside, roller blades to teach cooperation and action figures to demonstrate positive conflict resolution.

Here are some of the topics covered in this children sermons book: Christian object lessons, Bible lessons, Children sermons, Children's Bible object lessons, Object lessons for youth group, Youth ministry object lessons. Have you ever been on a picnic and wondered why God created ants? Insects aren't merely pests, they can also teach us spiritual lessons and this collection will help you share that knowledge with preschool to elementary young people. After all, children of all ages love learning about the world of creepy crawlies and these fascinating lessons about ants, butterflies, frogs, worms, crayfish, millipedes and even grass are guaranteed to grab their interest. Sunday school teachers and children's church program leaders will be thrilled with how their classes respond to these tried and true lessons from nature. Even better, this book makes preparation much less of a headache and more of a joy with a minimal amount of pre planning and effort. You can be ready for next week's session. But the best reward of using this

book is watching children's faces as they realize that God has a definite plan for everything he created including a perfect plan for them Joy Gee has had many opportunities to practice these lessons in her involvement over twenty years as a children's pastor children's evangelist and Sunday school teacher She is a graduate of California State University and has done extensive coursework in early childhood education at Vanguard University American River College and Sacramento City College Joy says The Bible says that creation declares the glory of God I just like to give it a platform from which to speak

Object Lessons Sarah Anne Carter, 2018-07-12 Object Lessons How Nineteenth Century Americans Learned to Make Sense of the Material World examines the ways material things objects and pictures were used to reason about issues of morality race citizenship and capitalism as well as reality and representation in the nineteenth century United States For modern scholars an object lesson is simply a timeworn metaphor used to describe any sort of reasoning from concrete to abstract But in the 1860s object lessons were classroom exercises popular across the country Object lessons helped children to learn about the world through their senses touching and seeing rather than memorizing and repeating leading to new modes of classifying and comprehending material evidence drawn from the close study of objects pictures and even people In this book Sarah Carter argues that object lessons taught Americans how to find and comprehend the information in things from a type metal fragment to a whalebone sample Featuring over fifty images and a full color insert this book offers the object lesson as a new tool for contemporary scholars to interpret the meanings of nineteenth century material cultural and intellectual life
