The Power of Projects Judy Harris Helm, Sallee Beneke, 2003 Building on her enormously popular book *Bringing Reggio Emilia Home*, Louise Cadwell helps American educators understand what it means to use ideas from the Reggio Approach in their classrooms. In new and dynamic ways, Cadwell once again takes readers inside the day to day practice of a group of early childhood educators. This time she describes the growth and evolution of the work in the St. Louis Reggio Collaborative over the past 10 years.

The Physical Therapist's Guide to Health Care Kathleen A. Curtis, 1999 The Physical Therapist's Guide to Health Care is the simple, clear approach to understanding health care in today's changing environment. This book provides a strategy based approach to help physical therapists successfully manage change and meet the challenges of clinical practice in common practice settings. This essential text includes an introduction to health care that covers the basics of health care financing, health care reimbursement systems, cost containment strategies and referral services. Important issues covered in this book include trends in acute, subacute, home health care practice, outcomes management and prevention. Chapters include information on health care reimbursement systems and cost containment strategies, time and caseload management, documentation requirements, quality management in physical therapy and the role of the physical therapist in prevention and wellness.
