The purpose of this book is to integrate aspects of food product marketing with traditional agricultural marketing. This novel approach fills a gap in the current literature and reflects a growing trend to teach these subjects in an integrated way. The authors are leading authorities from the USA and Europe and the book has been developed from a very successful series of courses run for several years by the International Center for Advanced Mediterranean Agronomic Studies CIHEAM in Zaragoza, Spain. These courses have been attended by postgraduates from a wide range of countries so the book is likely to have worldwide appeal.
