**The Age of Spiritual Machines** Ray Kurzweil, 1999 The Age of Spiritual Machines is no mere list of predictions but a framework for envisioning the 21st century in which one advance or invention leads inexorably to another. response to this dilemma there has been a rise of interest in pluralistic models of the self in which the person is  
conceptualized as a multiplicity of subpersonalities as a plurality of existential possibilities or as a being which is inextricably  
in dialogue with others Bringing together many disciplines and with contributions from foremost writers on self pluralism  
The Plural Self overviews and critiques this emerging field Drawing together theory research and practice the book expands  
on both the psychological and philosophical theories underlying and associated with self pluralism and presents empirical  
evidence in support of the self pluralistic perspective exploring its application within a clinical and therapeutic setting
