Raising Test Scores Using Parent Involvement William L. Callison, 2004 A critical dimension of effective schooling is parent involvement Research has shown conclusively that parent involvement at home improves student achievement Furthermore when parents are involved at school children accomplish more and attend better schools In this book William Callison focuses on the role of parents in helping their children succeed in school There is increasing evidence that parent involvement increases test scores New research by Hoxby indicates that family factors are more than 11 times as influential as school factors in predicting student performance Callison contends that there is an excellent opportunity to make changes based on experience in many schools that are dealing with the need to set high standards and institute programs that will be successful Special Features Identifies programs and strategies that are working Uses the PTA's National Standards for Parent Family Involvement Program as a guide Callison also favors raising standards where high levels of assistance are provided to staff not the testing approach where students may be retained in grade because of a single test score In the programs that are seeking to help students improve their performance in a variety of assessments how did they get parents involved in a meaningful way The author answers this and many more pertinent questions For PTA members teachers and administrators **English** School Zone Publishing, Elaine A. Kule, 1994-01-31 School Zone's I Know It Learning Workbook series provides a resource for basic skills that are taught from kindergarten through sixth grade Reading spelling math phonics and handwriting are the primary focuses in these exciting workbooks Written by specialists these learning workbooks are organized so that both child and parent can understand the directions Amusing illustrations enhance the learning process **Getting Parents on Board** Alisa Hindin, Mary Mueller, 2016-02-05 Learn how to work more effectively with K-5 parents to increase student achievement in math and literacy Research shows that parent involvement in schools leads to higher test scores and more engaged and enthusiastic students but it isn't always easy for teachers to bridge the gap between the home and the school This insightful book provides helpful research based strategies to foster meaningful home school partnerships and overcome the challenges teachers often face when trying to build relationships with parents You'll learn new ways to Promote parent involvement at home and school Share specific math and literacy strategies with parents to reinforce children's learning Plan and organize effective parent conferences that foster true dialogue about a child's education Communicate with parents about what you're teaching and how you're teaching it so they can actively contribute

to their child's learning at home. Develop family nights and workshops to get parents involved in learning at school. Recommend games, activities, and projects that parents can use at home to help their children practice math and literacy skills. And much more. Each chapter is full of practical tools such as Common Core aligned strategies, useful resources for parents, and sample parent letters that you can use to increase and improve your home school communications.
