**The Pocket Idiot's Guide to Investing in Mutual Funds** Lita Epstein MBA, 2007-06-05 Smart readers will invest in this no nonsense guide Investing in today s markets can be complicated and risky for the average person With so many avenues and supposed financial advisors to choose from it s nearly impossible to know what to do Here is everything the aspiring investor needs to get started including mutual fund fundamentals their different types fees and taxes as well as how to construct one s portfolio and choose the best fund manager From a seasoned financial writer Pocket sized format for quick reference

*Alternative Investment Operations* Jason Scharfman, 2020-08-29 Alternative investments such as hedge funds private equity and fund of funds continue to be of strong interest among the investment community As these investment strategies have become increasingly complex fund managers have continued to devote more time and resources towards developing best practice operations to support the actual trade processing fund accounting and back office mechanics that allow these strategies to function Representative of this operational growth estimates have indicated that fund managers have seen increased operating budgets of 30% or more in recent years In today s highly regulated environment alternative investment managers have also increasingly had to integrate rigorous compliance and cybersecurity oversight into fund operations Additionally with recent advances in artificial intelligence and big data analysis fund managers are devoting larger portions of their information technology budgets towards realizing technology based operational efficiencies Alternative investment

fund service providers have also substantially increased their scope and breadth of their operations related services Furthermore investors are increasingly performing deep dive due diligence on fund manager operations at both fund level and management company levels This book provides current and practical guidance on the foundations of how alternative investment managers build and manage their operations While other publications have focused on generalized overviews of historical trading procedures across multiple asset classes and the technical intricacies of specific legacy operational procedures Alternative Investment Operations will be the first book to focus on explaining up to date information on the specific real world operational practices actually employed by alternative investment managers This book will focus on how to actually establish and manage fund operations Alternative Investment Operations will be an invaluable up to date resource for fund managers and their operations personnel as well as investors and service providers on the implementation and management of best practice operations
