 Management Corporate Governance grade A language English abstract American spending on art events have not changed
 since the 1970s when the spending is adjusted to inflation Studies undertaken in the 1980 s indicated that attendance of
 classical music concerts have been on the decline Further the classical music concerts have faced dwindling government
 support since the 1980s Due to the above facts the symphony orchestras in the US have focused on ways of increasing the
 audience base The attendance picture of concerts nationally is that approximately 15% of the total population have attended
 at least one orchestra concert Knight Foundation 2002 The demographics of the attendance is mostly white over 65 years
 women and with incomes above 150 000 per year Knight Foundation 2002 The most important characteristic of the specific
 market of the symphony orchestras is the devotion of the subscription patrons of the symphony orchestra The integrated
 communication plan are Facebook and blogs primarily the use of social media as well as the existing Symphony Orchestra
 website The use of Facebook and blogs will be focused on the intensification and enhancement of the participation of
 Symphony Orchestra in social media through the development of a unified voice that publishes desirable content on the blog
 and on Facebook especially due to the limited budget of Symphony Orchestra Facebook page will entail the use of incentives
 for instance if a person clicked Like button they will get a discount code which they can apply when making purchase of
 tickets They will get massive amounts of information about the people who are performing The blogs will be optimized with
 key words and integrated into the Symphony Orchestra webpage as a means of boosting the ranking of Symphony Orchestra
 in natural search The blog will feature posts on the upcoming events as a means of provoking analysis and engagement on
 the performers composers and music Through the adoption of the plan it is estimated that after approximately 6 months the
