- Be prepared to **annotate tables of data** too - complete them or make some simple calculations
- Be prepared to **calculate percentages and show your workings**, including a relevant formula
- **Reject one or more of the options** - remember to briefly explain why you have rejected them
- A suitable diagram can score two marks out of three - be prepared to offer simple diagrammatic analysis - this unit credits the application of demand and supply diagrams to economic issues
- Be prepared to offer **economic analysis**, for example, explaining how the free rider problem occurs in the provision of public goods. This will always be credited with marks.
