Civil Procedure Stories Kevin M. Clermont, 2004 This study aid provides a deeper understanding of the great civil procedure cases Fourteen professors each wrote a short chapter on one of the cases retelling the cases in their own voice and by their own method Each chapter has separate sections containing the social and legal background of the case factual background lower court proceedings final appellate disposition issues decisions reasons separate opinions factual postscript to the case why the case is famous and when it became so and why it is still a leading case

The Dynamism of Civil Procedure - Global Trends and Developments Colin B. Picker, Guy Seidman, 2015-11-11 This book shows the surprising dynamism of the field of civil procedure through its examination of a cross section of recent developments within civil procedure from around the world It explores the field through specific approaches to its study within specific legal systems and within discrete sub fields of civil procedure The book reflects the latest research and conveys the dynamism and innovations of modern civil procedure by field method and system The book s introductory chapters lay the groundwork for researchers to appreciate the flux and change within the field The concluding chapters bring the many different identified innovations and developments together to show the field s ability to adapt to modern circumstances while retaining its coherence even across different legal systems traditions fields and analytic approaches Specifically in this book the presence of dynamism is explored in the legal systems of the EU France the US Brazil Australia the UK and China So too that dynamism is explored in the contributions analyses and discussions of the changes or need for change of specific aspects of civil procedure including litigation costs class actions derivative actions pleadings and res judicata Furthermore most of the individual contributions may be considered to be comparative analyses of

their respective subjects and when considered as a whole the book presents the dynamism of civil procedure in comparative perspective Those discrete and aggregated comparative analyses permit us to better understand the dynamism in civil procedure for change in the abstract can be less visible and its significance and impact less evident While similar conclusions may have been drawn through examinations in isolation employing comparative analytic methods provided a richer analysis and any identified need for change is correspondingly advanced through comparative analysis Furthermore if that analysis leads to a conclusion that change is necessary then comparative law may provide pertinent examples for such change as well as methodologies for successfully transplanting any such changes In other words as this book so well reflects comparative law may itself usefully contribute to dynamism in civil procedure This has long been a *raison d'être* of comparative law and as clear from this book's contributions in this particular time and field of study we find that it is very likely to achieve its lofty promise

Evolution and Adaptation Jean Kalicki, Mohamed Abdel Raouf, 2019-12-17 What is it about international arbitration that makes it so open to evolution and adaptation What are the main pressure points today and the unmet needs of stakeholders What are the opportunities for expansion to new sectors and new audiences What are the drivers for change the obstacles and the risks And equally important what are the core principles that should never be lost These were the topics of the Twenty Fourth ICCA Congress held in Sydney Australia in April 2018 the proceedings of which are collected in this volume The volume highlights arbitration as a living organism that has adapted in the past to various challenges and that today under attack from various quarters might need to demonstrate its adaptability again Accordingly the contributions address the evolving needs of users the impact of the rapidly changing face of technology the expectations of the public and the convergence and divergence of different aspects of legal traditions and cultures Topical issues of interest for practitioners academics and students of arbitration include the following legitimacy and authority of arbitrators institutions and professional organizations to act as lawmakers investment treaty reform with particular reference to the definition of investment the evolution of substantive treaty standards and sustainable development obligations commercial arbitration reform including issues of public and private interest the development of common law and cost delay and transparency concerns revisiting party autonomy in choosing decision makers including through institutional appointments or investment courts equality of arms the economics of access and the role of costs and third party funding public private disputes and special issues that arise when State entities arbitrate public participation and transparency and their effect on both ISDS and commercial arbitration revisiting conventional wisdom in organizing arbitral proceedings lessons to be learned from other dispute resolution frameworks technology as friend and enemy including new tools new threats and cybersecurity arbitration of disputes in conflict and post conflict zones inter generational blame and praise in investment arbitration and the emergence of sovereign wealth funds as arbitration participants A special section on New Frontiers in Arbitration offers enlightening perspectives on new types of claims and new types of stakeholders likely to affect the future of international
