**Hunger Hotspots** WFP; FAO, 2024-10-31 In the current edition of a regular joint bi-yearly report, the Food and Agriculture Organization of the United Nations (FAO) and the World Food Programme (WFP) warn that acute food insecurity is projected to worsen in 16 hunger hotspots, including a total of 14 countries and two regional clusters which comprise 8 countries during the outlook period from November 2024 to May 2025. The Sudan, Palestine, South Sudan, Haiti, and Mali remain hotspots at the highest concern level, while Chad, Lebanon, Myanmar, Mozambique, Nigeria, the Syrian Arab Republic, and Yemen are classified as hotspots of very high concern. Since the May 2024 edition, Kenya, Lesotho, Namibia, and the Niger have been added to the hunger hotspots list, while Burkina Faso, Ethiopia, Malawi, Somalia, Zambia, and Zimbabwe remain designated as hunger hotspots. Immediate and scaled-up assistance is crucial in all 16 hunger hotspots to protect livelihoods and improve access to food. This report outlines country-specific recommendations for urgent emergency responses as well as anticipatory actions to meet existing humanitarian needs and implement short-term protective interventions before new crises emerge. The report focuses on the most severe and deteriorating acute hunger situations but it does not represent all countries' territories experiencing high levels of acute food insecurity.

**Reflections on Myanmar** Reshmi Banerjee, 2023-02-17 Myanmar is known for its engaging history, rich cultural heritage, and diverse ethnic communities. Its tumultuous political past has been discussed by academics and policy makers for decades; however, the land of the Shwedaṅgon cannot only be defined by conflict and contestation. Myanmar is complex and multi-layered, with innumerable issues shaping its identity and manifold interpretations creating its distinctiveness. A deeper comprehension of its past glory, with thoughtful deliberation on its socio-economic challenges, helps to understand the country better. This book fills this gap by focusing on four broad themes: reminiscence, restoration, re-evaluation, and resurrection. It studies interconnected issues ranging from nostalgia and belonging to Myanmar's contribution to art and heritage through its museums, cinema, folk traditions, from the problems of landlessness, resource dispossession, and climate change to the experience of marginalized groups. The author weaves these themes into a common narrative of discovering Myanmar through a holistic lens. The book aims to explore the country through its history, culture, communities, and challenges. A unique contribution, the book highlights the myriad facets of Myanmar by contemplating on its inherent strengths and visible weaknesses. It would be indispensable for scholars and researchers of Southeast Asian studies, Asian studies, area studies, Myanmar studies, political studies, cultural studies, and sociology.
