## **Myanmar S:**

Myanmar's Changing Political Landscape Makiko Takeda, Chosein Yamahata, 2023-04-05 Myanmar has faced numerous divisions that hinder its democratization and peacebuilding processes since emerging out of decades of military dictatorship. The coup d'état in 2021 terminated Myanmar's limited and nascent democratization under the civilian leadership of the National League for Democracy (NLD). Not only did the coup regime resurface old struggles but also created new ones. Against the backdrop of Myanmar's changing political landscapes from military to quasi-civilian to civilian rule in 2016 and back to military rule in 2021, the book discusses the various forms of interconnected struggles both old and new. In this process, the contributed chapters come together to highlight the changing dynamics of stakeholders' relations between agents and beneficiaries and the generated evolutionary processes in Myanmar's democratization and its reversal. This book brings an even mix of researchers both within and outside of Myanmar to critically discuss how different agents and their interactions in the form of center-periphery as well as state-non-state relations continuously shape today's political landscape. Its interdisciplinary composition also invites readers from various backgrounds to grasp with engaged research that identifies the various challenges and addresses ways in which to facilitate change from local and international perspectives.

**Myanmar's Transition** Nick Cheesman, 2003-08-01 With the world watching closely, Myanmar began a process of political administrative and institutional transition from 30 January 2011. After convening the parliament elected in November 2010, the former military regime transferred power to a new government headed by former Prime Minister and retired general U Thein Sein. With parliamentary processes restored in Myanmar's new capital of Naypyitaw, Thein Sein's government announced a wide-ranging reform agenda and began releasing political prisoners and easing press censorship. Pivotal meetings between Thein Sein and Aung San Suu Kyi led to amendment of the Election Law and the National League for Democracy contesting by-elections in April 2012. The 2011 Myanmar-Burma update conference considered the openings offered by these political changes and media reforms and the potential opportunities for international assistance. Obstacles covered include impediments to the rule of law, the continuation of human rights abuses, the impunity of the Army, and the failure to end ethnic insurgency.

*Myanmar's External Trade* Mya Than, 1992 The grim state of the Myanmar economy in the second half of the 1980s forced the previous government of the Burma Socialist Programme Party to liberalize its external and internal trade. Since the military coup following political chaos in the later part of 1988, Japan, the European Community, and the United States have suspended new economic aid to Myanmar. This has led to the present military government, the State Law and Order Restoration Council (SLORC), to work towards closer cooperation in diplomatic and trade relations with other Southeast Asian countries and to further liberalize its trade sector. This study explores and analyzes Myanmar's external trade and its trade relations with Southeast Asian nations, many of which are members of the Association of Southeast Asian Nations (ASEAN), and raises issues and prospects of economic cooperation with neighbouring countries in

the region including the option for active participation in ASEAN

**International Pressures, Strategic Preference, and Myanmar's China Policy since 1988** Nian Peng, 2020-09-08 This book mainly explored the driving forces and evolvement of Myanmar's China policy since 1988 by adopting a neo classical realist approach an emerging theoretical paradigm aiming at analyzing state's foreign behaviour by connecting systemic and unit variables which refers to external environments and domestic restraints respectively It is the first book that seeks to give a theoretical explanation of Myanmar's diplomacy thereby bridging the gap from basic research to the deep one with theories It also introduced the concept of strategic preference and argued that the competing strategic preference that the Burmese leaders have namely integration and isolation determines Myanmar's responses to China in the Post Cold War era which not only demonstrates the neo classical realism as an useful instrument of looking into state's foreign policy and deepens the understanding on Myanmar China relations The main content of this book is divided into seven parts in which the first chapter introduces the background the present study on Myanmar's China policy and China's Myanmar policy the analytical framework and the arrangement of the content Chapter 2 focuses on the roots and changes of Myanmar's competing strategic preference as well as its influences on Myanmar's foreign policy The following four chapters examine the international pressures and benefits imposed by systemic imperatives and Burmese leaders specific strategic preference since 1988 and investigate Myanmar's policy towards China in different periods Finally it provides a comprehensive conclusion that outlines and reviews the origins and evolution of Myanmar's China policy and predicts its future directions This book is suitable for the graduates and experts who are interested in international relations the Asian studies and neo classical realism in particular and Myanmar politics and foreign relations as well as China's relation with neighboring countries

Historical Dictionary of Burma (Myanmar) Donald M. Seekins, 2006-08-21 Burma Myanmar is a country in crisis and a political resolution to its problems of national unity seems unlikely to occur in the near future The purpose of the Historical Dictionary of Burma Myanmar is to explain in depth the country's political crisis while also providing detailed

historical background While paying much attention to the personalities and events of the 1962-1988 Burma Socialist Programme Party (BSPP) period the dictionary focuses on the events, institutions and personalities of 1988 when a nationwide movement for democracy resulted in the collapse of the BSPP regime and the post-1988 period when Burma was ruled by a military junta, the State Law and Order Restoration Council, which after 1997 changed its name to the State Peace and Development Council. Through the use of maps, a list of acronyms, a chronology, an introductory essay, a bibliography and hundreds of cross-referenced dictionary entries on important persons, places and events, as well as political, economic and social background, the history of this country is unfolded. Everything from major figures such as Daw Aung San Suu Kyi, whose non-violent struggle for democracy won her the 1991 Nobel Peace Prize, to the issue of economic sanctions versus constructive engagement is discussed in this important resource.

**Local Economic Governance in Myanmar** Jared Bissinger, 2016

**Burma/Myanmar** David I. Steinberg, 2009-11-05 In the past two decades Burma/Myanmar has become a front-page topic in newspapers across the world. This former British colony has one of the most secretive, corrupt and repressive regimes on the planet, yet it houses a Nobel Peace Prize winner who is in and out of house arrest. It has an ancient civilization that is mostly unknown to Westerners, yet it was an important and legendary theater in World War II. A picturesque land with mountain jungles and monsoon plains, it is one of the world's largest producers of heroin. It has a restive Buddhist monk population that has captured the attention of the West when it faced off against the regime. And it recently experienced one of the worst natural disasters in modern times, one effect of which was to lay bare the manifold injustices and cruelties of the regime. *Burma/Myanmar: What Everyone Needs to Know* offers a concise synthesis of this forbidding yet fascinating country. David Steinberg, one of the world's eminent authorities on the region, explains the current situation in detail yet contextualizes it in a wide-ranging survey of Burmese history and culture. Authoritative and balanced, it will be standard work on Burma for the general reading public. *What Everyone Needs to Know* is a registered trademark of Oxford University Press.
