The goal of the Bittinger Concepts and Applications Series is to help today's student learn and retain mathematical concepts. This proven program prepares students for the transition from skills oriented elementary algebra courses to more concept oriented college level mathematics courses. This requires the development of critical thinking skills to reason mathematically, to communicate mathematically, and to identify and solve mathematical problems. The new editions support students with a tightly integrated MyLab™ Math course, a strong focus on problem solving applications and concepts, and the robust MyMathGuide workbook and objective based video program. In addition, new material developed as a result of the authors' experience in the classroom, as well as from insights from faculty and students, includes more systematic review and preparation for practice, as well as a stronger focus on real world applications. Personalize learning with MyLab Math. MyLab™ Math is an online homework tutorial and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb course material and understand difficult concepts. 0134444132 9780134444130 Elementary Algebra Concepts Applications Plus MyLab Math Access Card Package 10 e Package consists of 0134441370 9780134441375 Elementary Algebra Concepts Applications 0321431308 9780321431301 MyLab Math Glue in Access Card 0321654064 9780321654069 MyLab Math Inside Star Sticker.
