### **Economic Investigations in**

**Twentieth-Century Detective Fiction** Yan Zi-Ling,2016-03-09 In his study of Golden Age and hard boiled detective fiction from 1890 to 1950 Yan Zi Ling argues that these two subgenres can be distinguished not only by theme and style but by the way they structure knowledge value and productive labour Using the detective as a reference point and enactor of socially based interests Yan shows that Golden Age texts are distinguished by their conservatism and not only by their conservatism with the detectives actions serving to stabilize institutions with specific ideological aims In contrast the criminal investigations of the hard boiled detective who is poorly aligned with institutions and strong interest groups reveal the fragility of the status quo in the face of escalating cycles of violence Key to Yan s discussion are theories of exchange value and the gift the latter of which he suggests is more akin to detective work than is wage labour Analyzing texts by a wide range of authors that includes Arthur Conan Doyle Agatha Christie Dashiell Hammett Raymond Chandler Dorothy Sayers Raoul Whitfield George Harmon Coxe and Mickey Spillane Yan demonstrates that the detective s truth generating function most often characterized as a process of discovery rather than creation is in fact crucial to the institutional and class based interests that he or she serves

### **The Dupin Mysteries and Other Tales of Ratiocination** Edgar Allan Poe,2009

Five of Edgar Allan Poe s classic short tales of crime and mystery are collected The Murders in the Rue Morgue The Mystery of Marie Rog t The Purloined Letter The Gold Bug and Thou Art the Man

The Supernatural and Fantastic in Short Detective Fiction Laird R. Blackwell,2020-11-23 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements
