Here are some of the topics covered in this children's sermons book: Christian object lessons, Bible lessons, Children's sermons, Children's Bible object lessons, Object lessons for youth group, Youth ministry object lessons. Have you ever been on a picnic and wondered why God created ants? Insects aren't merely pests; they can also teach us spiritual lessons, and this collection will help you share that knowledge with preschool to elementary young people. After all, children of all ages love learning about the world of creepy crawlies, and these fascinating lessons about ants, butterflies, frogs, worms, crayfish, millipedes, and even grass are guaranteed to grab their interest. Sunday school teachers and children's church program leaders will be thrilled with how their classes respond to these tried and true lessons from nature. Even better, this book makes preparation much less of a headache and more of a joy with a minimal amount of pre-planning and effort; you can be ready for next week's session. But the best reward of using this book is watching children's faces as they realize that God has a definite plan for everything he created, including a perfect plan for them. Joy Gee has had many opportunities to practice these lessons in her involvement over twenty years as a children's pastor, children's evangelist, and Sunday school teacher. She is a graduate of California State University and has done extensive coursework in early childhood education at Vanguard University, American River College, and Sacramento City College. Joy says, "The Bible says that creation declares the glory of God. I just like to give it a platform from which to speak."

Connelly, 1964 A source book for those who work with young Christian people who need suggestions for their programs and messages. *Group Magazine's Best Youth Group Programs* Cindy S. Hansen, 1986 Teach Them: 50 Fantastic Object Lessons for Children's Ministry Michael Kientz, 2010-02-12 When children are engaged, they learn. He will continue to water and care for those seeds until they produce a harvest. In this book, you will find creative, dynamic object lessons that let children participate in their learning. They draw on lessons from science, stories, popular games, and even a little magic, and they are always firmly rooted in truth from God's Word. Both new teachers and old will find these lessons easy to use and fun to deliver. Children will want to share what they learn with their families and friends, and they will be excited to see what you are going to teach them next week. **Spiritual Challenge**
