Time away in the beauty of God's creation is the perfect opportunity to reflect on his Word by the campfire or get real with God in prayer as you're exploring new trails through the wilderness. The Mossy Oak Trail Guide is the perfect complement to your gear. Inside you'll find True stories of hunting and survival. Survival information for a variety of conditions. Practical pointers for hunting, tracking and dressing game. Extended passages of Scripture from Eugene H. Peterson's acclaimed *The Message*. Solid interactive devotionals that apply to your life right now. Not only will this valuable resource prove helpful in a variety of outdoor scenarios but it will also be there to fuel your devotions when you're ready to encounter God in the backcountry.

*Life-Study of John* Witness Lee, 1985-05-01 In the Lord's recovery during the past five hundred years, the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set, Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life, nourishment, or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.
