

21 February 2025

Dear Ms Taylor,

I hope this message finds you well. My name is Sam Harper, and I am a recent graduate in Journalism from the University of Leeds, where I developed my passion for storytelling, investigative research and connecting with diverse audiences. I am reaching out to express my enthusiasm for your company, Impact Media UK, and to explore potential opportunities where my skills, education and dedication to impactful communication might add value.

During my studies, I gained strong expertise in multimedia storytelling, including feature writing, video production and digital content creation. My dissertation project, "The Rise of Digital Activism: How Social Media Shapes Public Opinion", demonstrated my ability to craft compelling narratives while meeting tight deadlines. Additionally, working as a contributor for The Leeds Tribune, the university's student newspaper, allowed me to develop a sharp eye for detail, adaptability to various styles and an understanding of fast-paced editorial environments.

What attracts me most to Impact Media UK is your commitment to producing thought-provoking journalism that amplifies underrepresented voices and drives positive social change. I admire your ability to engage readers through innovative content while upholding integrity and inclusivity in your reporting. I would be thrilled to contribute to such a forward-thinking organisation.

I am confident that my enthusiasm, versatile skills, and dedication to producing quality work align well with Impact Media UK's innovative and influential spirit. Whether through content creation, research, or collaborating on editorial projects, I am eager to bring value to your team and learn from your experienced professionals.

I would welcome the opportunity to discuss how my background and ambitions align with your company's goals. Thank you for considering my application, and I look forward to the possibility of speaking with you further.

Warm Regards,
Sam Harper

Understanding Recreational Fishers Kevin L. Pope, Robert Arlinghaus, Len M. Hunt, Abigail J. Lynch, Brett T. van Poorten, 2026-01-15 This open access book unites experts from a range of social science disciplines. It provides a multidisciplinary and interdisciplinary overview of how to study recreational fishers as coupled social ecological system presenting unique methodological insights for an improved understanding and management of recreational fisheries. The book informs readers about state of the art methods for engaging fishers for quantifying and predicting fisher behaviors for understanding outcomes of fisher behaviors and for fully integrating social science data into recreational fisheries management all in the hopes to support sustainable management of complex social ecological fisheries systems. The content appeals to social scientists and ecologists alike. It is a key resource for students, fisheries managers and fisheries biologists especially those without formal training in social sciences and for research scientists and educators developing programs and courses in the field of human dimensions of fish and wildlife. While focused on recreational fisheries the toolsets and integrative concepts summarized in this book will be of interest to many other natural resource and biodiversity management contexts where humans and the environment interact.
