Trench Warfare A Manual for Officers and Men It is a safe bet that when the German army started for Paris they had plans

for use in the event of disaster The disaster occurred and a new type of warfare requiring the highest courage skill and endurance was born I say born because although trench warfare was known before it died in birth compared to this war for the amount of science energy and variety of weapons used More earth has been removed by a combination of man pick and shovel in making these trenches than was excavated to make the Panama Canal possible and in less time It is my object in this book to give a faint idea and knowledge of the trenches and to approximately explain the way warfare is carried on and I offer the information contained herein as a basic foundation on which to use the further knowledge you will gain as an officer and which for obvious reasons I will not and cannot give here About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
