Minecraft Story Mode Game Guide:

Minecraft Story Mode Game Ultimate, 2017-05-09 Minecraft Story Mode A Telltale Games Series Game Guide Minecraft Story Mode is the next game from the Telltale Games studio's adventure series. The game will be released in episodes similarly to previous games of this type. This game guide is divided into five parts, one for each episode. In the guides, you will find detailed walkthroughs, descriptions of important decisions which will have their consequences in next episodes, and the differences between them. The last part contains also a description of all the possible endings. All the differences between them and the ways to achieve each one are described. After such productions as *The Walking Dead* or *The Wolf Among Us*, Telltale Games decided to take a shot at the well-known Minecraft world. In the game, the player impersonates Jesse. You can select the gender and appearance, but the game doesn't provide a different story for every character. During your adventure, you will often face decisions that will have consequences later in the game. This is a common feature for Telltale games. During your gameplay, you will encounter various logic puzzles or features typical for the Minecraft universe.
