The Single Gals Guide to Shopping for a Great Guy compares shopping to living single and looking for love. God's way. Tiff's goal is to help singles navigate through today's sex-saturated society that says you have to sell yourself cheap, compromise your market value, and display and giveaway your goods to catch a great deal, i.e. a great guy. You'll learn how to date, find a mate, be a good friend, and love good men. The Single Gals Guide to Shopping for a Great Guy will confirm, convict, challenge, convince, and maybe even change how you walk through this single season of your life. You'll be reminded that you are valuable to God and that you should be valued by men that you date. Plus, until the wedding night, you are worth the wait. So grab Tiff's book and read it with gals and guys that you adore. The Single Gals Guide to Shopping for a Great Guy has lots of great stuff in store and will have you looking at your shopping trips like never before.

The Power of Ethics Susan Liautaud, 2021-01-05 The essential guide for ethical decision making in the 21st century. The Power of Ethics depicts ethical decision making not in a nebulous philosophical space but at the point where the rubber meets the road. Michael Schur, producer and creator of The Good Place, it's not your imagination, we're living in a time of moral decline. Publicly, we're bombarded with reports of government leaders acting against the welfare of their constituents, companies prioritizing profits over health, safety, and our best interests, and technology posing risks to society with few or no repercussions for those responsible. Personally, we may be conflicted about how much privacy to afford our children on the internet, how to make informed choices about our purchases and the companies we buy from, or how to handle misconduct we witness at home and at work. How do we find a way forward? Today's ethical challenges are increasingly gray, often without a clear right or wrong solution, causing us to teeter on the edge of effective decision making. With concentrated power structures, rapid advances in technology, and insufficient regulation to protect citizens and consumers, ethics are harder to understand than ever. But in The Power of Ethics, Susan Liautaud shows how ethics can be used to create a sea change of positive decisions that can ripple outward to our families, communities, workplaces, and the wider world, offering unprecedented opportunity for good. Drawing on two decades as an ethics advisor guiding corporations and leaders, academic institutions, nonprofit organizations, and students in her Stanford University ethics courses, Susan Liautaud provides clarity to blurry ethical questions, walking you through a straightforward four-step process for ethical decision making you can use every day. Liautaud also explains the six forces driving virtually every ethical choice we face, exploring some of today's most challenging ethics dilemmas and showing you how to develop a clear point of view, speak out with authority, make effective decisions, and contribute to a more ethical world for yourself and others. The Power of Ethics is the must-have ethics guide for the 21st century.
